

# Bellavista™ B36X

Direct Vent Medium Gas Fireplace

Bellavista B36X shown with flush panels, finishing trim and brick panels.

## Practical Beauty

Bellavista, meaning panorama or beautiful view in Italian, is exactly what you will get with a 641 square inch viewing area with a full, hand crafted log set and stunning fire. This versatile fireplace can be installed almost anywhere in your home to provide up to 18,500 BTU of consistent, controllable heat, operating even during power outages. Enjoy multiple styling options: choose sleek flush panels or traditional full screen doors, one of 3 realistic brick styles, or stainless steel inset panels to match your home décor.

| Specifications            | Natural Gas | Propane |
|---------------------------|-------------|---------|
| Input (BTU)               | 18,500      | 17,500  |
| Turn Down to (BTU)        | 12,500      | 14,500  |
| EnerGuide Rating*         | 61.60%      | 64.32%  |
| Efficiency (steady state) | 69%         | 70%     |

\* for Canada only

| Unit Dimensions |          |
|-----------------|----------|
| Width           | 36"      |
| Height          | 35-1/4"  |
| Depth           | 17-5/16" |
