

# imagine having the solutions before you even have the questions.

Color and Monochrome Laser Printers and MFPs

# Samsung printers offer the solutions.

imagine partnering with the second largest printer manufacturer in the world. You'd have the perfect printer for every business size and situation, with the service and support you'd expect from an industry leader. Imagine benefiting from our billions invested into R&D every year. You'd have innovative features that make your job easier and more efficient, along with unmatched performance and long-lasting dependability. Imagine the perfect business solution. You'd have every solution for every situation. With Samsung printers, it's not hard to imagine.

### Connectivity solutions.

In addition to USB 2.0, most Samsung printers and MFPs feature standard or optional 10/100 Base-TX Ethernet, 802.11b/g wireless and IEEE-1284 parallel compatibility, so you can grow your business the way you want.

#### Document management solutions.

SmarThru<sup>™</sup> Office Document Management Software is a powerful document management application for Office users. It creates, stores and edits scanned images, and delivers them to each application. It also makes it easy to take advantage of all the features of a Samsung MFP, even with complicated networks. SmarThru<sup>™</sup> Office also provides network scan as a default, so you don't have to install additional applications. And SmarThru<sup>™</sup> client lets users scan documents directly to their PC.

#### Network scanning solutions.

How do you email a hard copy? With a Samsung MFP. Our powerful laser multifunction products are even more powerful as part of a network. With our quick and easy Scan-To-Email feature, you just scan your single- or double-sided document, select a recipient from the address book and send it on its way, all right from your Samsung MFP. Scan-To-File functionality lets you scan a document directly to any computer on the network.

# USB Scan and Print for high-traffic solutions.

Not connected to the network? Not a problem when you use one of our many PrintDirect supported MFPs. A front-mounted USB port lets you use any USB flash drive to print documents directly from the drive. Or you can scan and save documents directly to the USB drive. It's great for libraries, schools, high-traffic applications and mobile professionals. Compatible file formats include JPEG, BMP, PDF and TIFF.

#### Device management solutions.

Using our SyncThru solutions, it's easy to manage any printer on the network, from any PC on the network. Our exclusive SyncThru and SyncThru Web Admin Services applications make it easy to install, control and manage Samsung network printers through dedicated software or a standard web browser. Obtain device status, update device software, receive alerts and more.

### Simple diagnostic solutions.

Samsung printers are so reliable and easy to use, it's a surprise when a problem occurs. But with our Dr. Printer diagnostic software, you can be back in business with just a couple of clicks of the mouse.

Dr. Printer quickly eliminates printer problems and the need to search for and download drivers and software. This intelligent system will identify your printer model and provide recommended updates and fixes, so your system can be up and running, and stay running, in no time.

If you ever have a problem with your printer or MFP, just visit www.samsungdp.com to access the free Dr. Printer program.

- Updates your printer/MFP to the latest driver
- Easy to use through direct PC/printer connections as well as multiple printer networks
- Automates driver installation and reinstallation
- Automatic driver diagnosis and settings
  - Set printer default
- Change printer port
- Check communications connection between printer and your system
- Delete pending jobs
- Set online status
- Diagnose standalone and network printers

## Job accounting solutions.

Did you know the cost associated with printing and handling documents is the third highest in most organizations, behind human resources and rent? Samsung printers provide full compatibility with Print Audit 5 software, so you can reduce this cost by up to 30 percent in three easy steps.

**Analyze** Track all local and network print volumes and report findings in the form of pre-formatted, user-defined reports and graphs.

Reduce Define user quotas and job limits, or redirect print jobs to more efficient printers to cut and control overall print costs.

Recover Integrate captured print data with virtually any accounting program to recover billable printing costs from users or customers, resulting in substantial savings and/or revenue.

#### Hard drive solutions for greater capability.

**Optional 40 GB Hard Disk** Adding the hard disk adds capabilities that will make any of our Professional Series Printers work even harder, and help you work more efficiently.

Collate A true time-saver, you only need to send the job once, and the printer will collate however many sets you need.

**Proof Print** You can send multiple quantities to print, then the printer will output just the first copy. If it looks good, use the control panel to finish printing your job.

**Delayed Print** There are times when everyone else's print job is more critical than yours. Or maybe yours is extra-large and you don't want to hold everyone else up. You can store the job and automatically print it out after hours.

**Confidential Print** Network printers are often centrally located. If you're printing sensitive documents, you can have the printer hold the job until you enter your PIN into the printer control panel.

**Store Job** You can send the job just once, then store it. Then using the control panel, you can print it whenever you want. So can everyone else on the team without having to resend it. Or if you want to keep it private, you can store it in a private, PIN-protected folder.

#### Healthcare solutions.

**Print, Copy, Fax and Scan** It's all in a day's work at hospitals and doctor's offices around the world. And Samsung office products have the built-in security and convenience features healthcare providers need; features that support HIPAA compliance and help assure patient privacy.

**Easy Wristband Printing** There's no room for error when it comes to patient identification. Together, Samsung and LaserBand<sup>®</sup> provide a complete ID solution that makes it easy to create wristbands, charge labels and more with any Samsung laser printer. LaserBand tear-proof, moisture-proof wrist and ankle bands provide a large area for printing names, account numbers, bar codes and even patient photos.

**Privacy Policy** Facedown output trays, secure fax functions, secure network scanning and so much more. Samsung printers and MFPs are packed with the features needed to maintain the high level of patient privacy essential in today's healthcare environment.

**Media Flexibility** Samsung printers and multifunction products support a wide range of sheet fed labels, tags, forms, card stock and more. Plus internal barcode and custom electronic-form support can eliminate the need for preprinted documents.

**Office Efficiency** In addition to all the important features that make our products so uniquely ideal for the healthcare industry, Samsung printers and MFPs deliver world-class all-around performance, like fast print speeds, flexible connectivity, money-saving efficiency and more.

#### Extended warranty service solutions.

We offer a standard 1-year limited warranty on all printers. An extended warranty is also available for up to 3 years. It includes parts and labor 100%, unlimited phone support and on-site servicing of larger machines. It's fully transferable, and can be purchased for up to 90 days from the date of printer purchase. Additional warranty considerations may apply to our high-performance MFPs. Contact your local reseller for more information.

#### Supplies and accessories quality solutions.

Remember, Samsung printers and multifunction products work best with genuine Samsung supplies and accessories. Using genuine Samsung supplies results in optimized print quality and system reliability.

# Ultra-Compact Laser

- Smallest laser printer in the world
- High-style glossy piano black finish
- Buttonless soft-touch sensor panels
   with blue LED scan status indicators
- Easy jam clearing
- Quietest printer operation in the world (45 dBA)
- Soft, melodic low toner and low paper alert tones
- Semi-auto sliding paper tray
- Print and copy up to 17 ppm, up to 4800 x 4800 enhanced scanning

Functions	Technology	Laser	Laser 3-in-1 (print, copy, scan)
Print	Print Speed	Up to 17 ppm	Up to 17 ppm

ML-1630

#### SCX-4500

Samsung CLP series color laser printers offer the most complete solutions in the category. Fast, versatile and durable, they're packed with every feature you need to do business more brilliantly.

Superior Print Speeds Our color printers deliver all the speed you need, with the CLP-660ND printing up to 25 ppm in both black and color.

**Higher Paper Capacity** With one of the highest built-in paper capacities in the category, CLP-series printers let you print 350 pages without ever having to reload. And a second 500sheet paper cassette is available for even greater capacity.

Powerful Processing The CLP-660ND incorporates a fast 533 MHz processor and SPGxm graphics processor with the capacity for up to 640 MB of memory.

Easy Integration Our CLP series printers come with easy install software drivers, and if you need the power of PostScript and PCL, the CLP-660ND has both emulators built-in.

Whisper-Quiet Operation With fewer moving parts, our exclusive technology allows our CLP-610ND to operate at a quiet 51 dBA, while our CLX-2160N and CLX-3160FN are even quieter at 49 dBA, making for a less hectic workplace.

Innovative Toner Bottles An easier, more elegant solution to bulky toner cartridges. Toner bottles are simple to remove. Simple to install. And they'll give you great results from the very first print to the last.

Versatile Connectivity With Highspeed USB 2.0 and 10/100Base-TX Ethernet interfaces, CLP series printers are ready for easy plug-andprint setup with almost any application (standard connectivity varies by model).

Color Laser All-In-Ones				
	CLX-2160N	CLX-3160FN	CLX-6200FX	CLX-6210FX
	Color laser print, copy and scan. Takes up very little space, and offers the lowest noise level in its class.	Color laser, copy, scan and fax. It does it all in a compact space, and with the lowest noise level in its class.	Work faster without working harder. Color laser, copy, scan and fax at speeds up to 21 ppm.	Do it all, and more. This color all-in-one includes auto duplexing, for easy two-sided copies.
Functions	Best for home and small office	Best for home and small office	Best for medium-sized businesses	Professional Series

With fast print speeds, exclusive features, renowned reliability and more, Samsung laser printers deliver uniquely superior solutions.

**One-Touch Access**<sup>4</sup> No more wasting time with complicated print drivers to find the functions you want. Samsung lets you do it with one touch and then get back to business.

**One-Touch TonerSave**<sup>A</sup> The touch of a button easily extends the life of your toner cartridges by up to 40% when used consistently.

on with your life.

**One-Touch Cancel**<sup>A</sup> Stop print jobs with the touch of a button, then move

**Two-Sided Printing**<sup>a</sup> Quickly and easily print on both sides of the paper. Save paper. Save money.

**Compatibility**<sup>a</sup> Samsung printers are widely compatible, supporting a number of operating systems.

**Optional Wireless Printing**<sup>A</sup> Print quickly from a laptop or set up an easily expandable network.

Networking<sup>4</sup> Samsung makes networking easy. Many Samsung laser printers are available with a PortThru NIC card and SyncThru network management software for full 10/100 Base-TX network compatibility.

<sup>A</sup>Standard features vary by model.

Data Car			
-	Compact laser printers with the speed to handle any business situation. Up to 25 ppm, up to 400 MHz processor, 10/100 Base-TX Ethernet connectivity (standard on ML-2571N).	A compact and stylish design combined with the speed and strength of a larger printer makes this an ideal printer for small workgroups. Prints up to 30 ppm with a first page out of under 8.5 seconds.	Work in the fast lane with this 400 MHz, up to 30 ppm speed demon. Memory can be increased up to 320 MB, and input capacit can be increased up to 550 sheets.

ML-3471ND	ML-3561N/ND Series	ML-4050N	ML-4551N/NDR
Fower and speed for small to medium-sized offices. the ML-3471ND delivers your first page in less than 9 seconds, then continues printing at speeds up to 35 ppm.	The ML-3561N has the power and speed to help big businesses. Print up to 35 ppm with a 150,000 pages per month duty cycle.	A hardworking, networkable solution. Prints up to 40 ppm for offices in a hurry, and offers a huge 200,000 pages per month per month duty cycle.	For heavy use. Prints at a high-volume 45 ppm, up to 200,000 per month duty cycle, and up to 2,100 page input capacity (with optional trays). Also offers a hard disk option.

#### Maximize your productivity per square foot. Our laser MFPs are feature-packed, reliable and easy.

**TonerSave** The touch of a button easily extends the life of your toner cartridges by up to 40% when used consistently.

PowerSave Reduces energy consumption. And utility bills.

**PaperSave** With our 2-up copy feature, you can quickly and easily copy two pages onto one sheet of paper.

TollSave (available on select models) Easily store documents, then delay transmission until the phone rates are lowest, dramatically reducing telephone costs.

Battery Back-Up Documents are reliably stored in memory, even during a power outage, in the event your MFP runs out of paper.

Dual Access Double your productivity. Send or receive faxes while printing or copying at the same time.

Quick Scan (select models) Scan documents into memory in as little as 1.5 seconds, then move on to your next task.

USB 2.0 Direct Interface for computer-free printing and scanning enhances productivity.	Fast and efficient, the SCX-4725FN prints and copies up to 24 ppm.	Network-ready digital duplex copier, laser printer, color scanner and high-speed fax.	Duplex auto document feeder, plus direct scan to e-mail and network scan, and fax.	First print out in less than 8 seconds, up to 45 ppm print and copy speed, duplex auto
