FINDING COMPATIBLE PHONES

- Must have a Bluetooth phone **with Handsfree Profile (HFP)**.
Any other Bluetooth phone with a different profile will not work with Handsfree.

PAIRING A PHONE TO HANDSFREE

1. Press the **phone button** and say **“setup”**.
2. After the beep, say **“pairing options”**.
3. After the beep, say **“pair”**.
4. After the beep, say a **“4-digit code”**. Handsfree will ask if the 4-digit code is correct.
5. Handsfree says **“Start pairing process on the phone. . .”**
6. Once the 4-digit code is confirmed by the devices, Handsfree will say **“enter name of phone”**.
7. Handsfree will ask **“Assign a priority of the phone 1-7. 1 being the highest priority”**
8. Handsfree will say **“Pairing complete”**.

Note: Refer to the phone's users manual for phone specific pairing instructions

PLACING A CALL WITH NUMBERS IN SINGLE STRING FORMAT

1. Press the **phone button** and say **“dial”**.
2. After the beep, say **[the number you would like to dial]**.
3. When the number is repeated back, after the beep, say **“yes”** or **“no”**.

PLACING A CALL USING PHONEBOOK NAME TAGS

1. Press the **phone button** and say **“call”**.
2. After the beep, say **[the name tag you would like to dial]**.
3. When Handsfree asks if you want to call “the name tag,” after the beep, say **“yes”** or **“no”**.

PLACING A CALL FROM THE PHONEBOOK USING LIST

1. Press the **phone button** and say **“phonebook, list names”**.
2. **When you hear the name tag you want to call**, press the **phone** and say **“call”**.

RECEIVING A CALL

1. The system will notify you that there is an incoming call with an **audible tone**.
2. Press the **phone button** and the call will be connected.

Note: The phone pairing process must be complete to receive calls with the Handsfree system.

STORING A PHONEBOOK ENTRY

1. Press the **phone button** and say **"phonebook"**.
Handsfree gives you a choice of options (new entry, edit, delete, list names, erase all).
2. After the beep, say **"new entry"**.
3. After the beep, say **[a name tag]** such as "Rich".
4. After the beep, say **[location]** (home, work, etc.)
5. After the beep, say **[the phone number]**.
6. Handsfree will say **"New entry added"**.

DELETING LIST ENTRIES IN THE PHONEBOOK

1. Press the **phone button** and say **"phonebook"**.
Handsfree gives you a choice of options (new entry, edit, delete, list names, erase all).
2. After the beep, say **"list names"**.
3. When you hear the list name you want to delete, press the **phone button**, say **"delete"**. You are asked if you want to delete this list entry.
4. After the beep, say **"yes"**.

FAQs & TROUBLESHOOTING

1. Will I need to pair my phone each time I enter the vehicle?

No. Once you pair the phone to Handsfree, it will automatically connect and disconnect to the system.

2. How can I change the language?

Press the **phone button** and after the beep say **"setup"**. The system prompts you with available options. After the prompt say **"language"**. Say **"English," or "French" or Spanish"**.

3. How can I get help using the Handsfree?

Press the **phone button** and say **"help"** at any time.

4. How do I transfer a call from my phone to Handsfree or vice versa?

During a call, press and release the **phone button** and say **"transfer"**.
