FEATURES

Built-in optical trackball providing superior accuracy and smooth motion

The integrated trackball eliminates the need for a mouse and saves valuable desk space. With its 1000 DPI resolution, the optical trackball provides superior accuracy and smooth motion, requiring minimal hand movement and virtually no maintenance.

Less than 12" wide for space saving

The mini size keyboard is less than 12" wide, and is an impressive space saver for desktops in homes or offices. It is ideal for use in POS, kiosks, warehouses, manufacturing environments, or in any small working area.

Membrane keyboard for fast and quiet typing

The membrane key switch features more than a five million lifecycle, and is designed with a silicone rubber material, which can reduce noise when typing, offering a faster and quieter typing experience.
