DIY B&W Video Doorphone™
High Resolution Intercom

Safely see who's at the door before you answer it with high resolution & metallic casing!

The Swann DIY B&W Video Doorphone is great for safety viewing who's at the door without having to open it. With its contemporary slim silver style, it is easy to use and install**. You will love the convenience of the 2-way audio to see the person at the door and carry on a conversation through the intercom. The unit has a 4" black and white flat CRT screen and a push button door open feature*. The camera has close range night vision up to 9ft (3m) so you can see who is at the there at any time of the day or night. The Swann DIY B&W Doorphone is the perfect, affordable security screening solution for homes, offices, apartments, owner occupied or rental properties.

* requires optional electronic door latch, sold separately, ** may require cabling to be run through roof, carpet, skirting or ceiling.
