

- USB 2.0 (backward compatible to USB 1.1)
- 4 swivel ports (max. rotation 180°)
- Compact design and rubber coating surface
- Plug'n'Play

Atlantis Land MyLink Swing is a 4 ports USB 2.0 Hub. Thanks to the USB 2.0 full compliance, it allows to make fast connections (up to 480 Mbps). Its compact design (with rubber coating surface) makes MyLink Swing the ideal solution for the notebook PC. The 4 swivel ports can be freely adjusted to maximum 180 degree; in this way, 4 devices can be connected at the same time without worried about the space. There is no need to use any additional drivers; just plug it in your PC and connect the other devices.
