

Multi-Functional Induction Cooktop

The Tatung induction cooktop is a portable, electronically powered cooking appliance. It heats through magnetic coils when a pan is placed on top and automatically shuts off when the pan is removed to ensure your safety.

It gives you the flexibility of cooking in any location including dorms, office parties, or anywhere traditional methods are limited. With this versatile appliance, you can boil, saute, stew, steam, simmer, hot pot or fry at any location.

- Portable, safe and convenient
- Ceramic surface is easy to clean
- No open flame
- Over-heat and shutoff protection

Specifications
