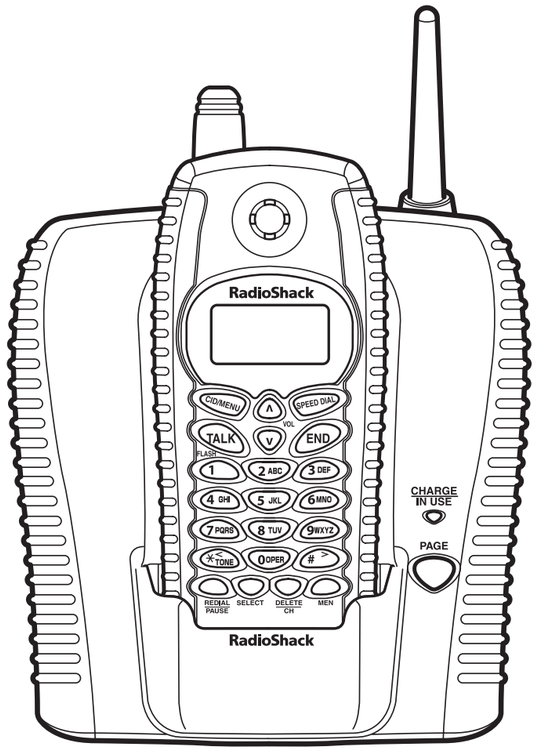
900 MHz cordless telephone with caller id/call waiting id

Quick Start Guide

Please read this user's guide before installing, setting up and using your new product
www.radioshack.com



Note: Actual product may vary from the images found in this document.

activating and charging your battery pack

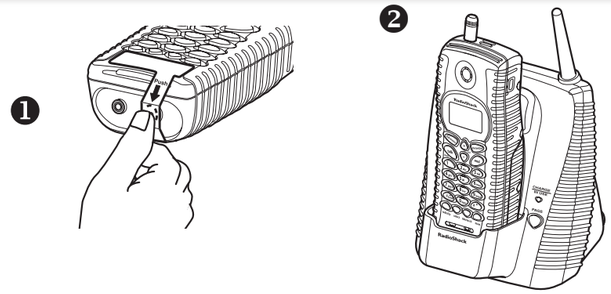
Your phone's handset comes with a rechargeable nickel metal hydride (Ni-MH) battery pack already installed.

❶ Before charging the battery for the first time, push the pin for activation, located on the bottom of the handset (see label with instructions).

❷ Once activated, remove the label, and then place the handset in the base unit to charge.

Notes

- Do not plug your phone into the phone line while charging.
- Charge your phone for 15-20 hours without interruption.

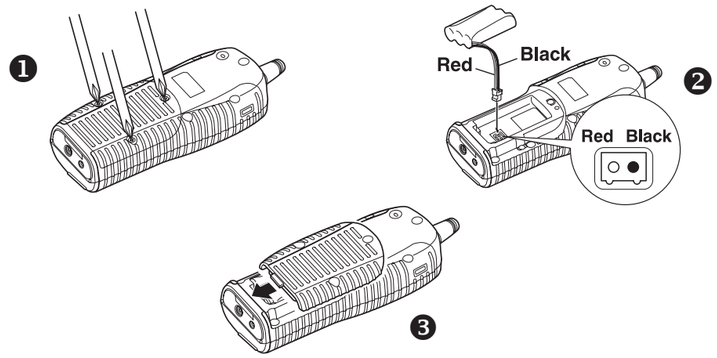


replacing your battery pack

❶ Unscrew your battery compartment cover and remove the old battery pack.

❷ Plug the replacement battery connectors (red and black wires) into the small, black jack inside the battery compartment. They fit only one way.

❸ Replace your battery cover. To ensure it is securely connected, insert the bottom first.



using your cordless phone

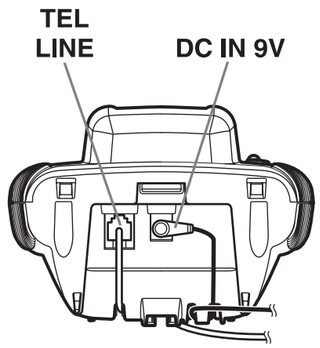
connecting your phone

❶ Plug one end of the supplied long modular cord into the **TEL LINE** jack.

❷ Insert the supplied AC adapter's barrel plug into the **DC IN 9V** jack on the bottom of the base and route the adapter's cord through the strain relief slot on the base.

❸ Plug the other end of the modular cord into a modular phone line jack.

❹ Plug the adapter into a standard AC outlet.



Note

Note: *Refer to page 8-9 of your User's Guide for wall mounting instructions.*

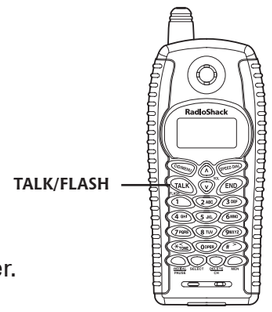
making and receiving calls

To make a call:

❶ Pick up the handset.
❷ Press **TALK/ FLASH**.
❸ Listen for the dial tone and dial the number.

OR

❶ Pick up the handset and dial the number.
❷ Then press **TALK/FLASH**.



To receive a call:

If Auto Talk is on, just pick up the handset; and, if Auto Talk is off, pick up the handset and press **TALK/FLASH**.

Note

*If the handset is off the base and Auto Talk is on, press **TALK/FLASH**, any number, /TONE/< or #/>. Or, if Auto Talk is off, press **TALK/FLASH**. Refer to page 16 of your User's Guide for more information on the Auto Talk feature.*
