Important Safety Precautions

CAUTION

RISK OF ELECTRICAL SHOCK
DO NOT OPEN

CAUTION: **To reduce the risk of electric shock. Do not remove cover (or back). No user serviceable parts inside. Refer servicing to qualified service personnel.**

The lightning flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

WARNING: TO PREVENT FIRE OR SHOCK HAZARDS, DO NOT EXPOSE THIS TV SET TO RAIN OR MOISTURE.

CAUTION: TO INSURE PERSONAL SAFETY, OBSERVE THE FOLLOWING RULES REGARDING THE USE OF THIS UNIT.

1. Operate only from the power source specified on the unit.
2. Avoid damaging the AC plug and power cord.
3. Avoid Improper installation and never position the unit where good ventilation is unattainable.
4. Do not allow objects or liquid into the cabinet openings.
5. In the event of trouble, unplug the unit and call a service technician. Do not attempt to repair it yourself or remove the rear cover.

Changes or modifications not approved by JVC could void the warranty.

• When you don't use this TV set for a long period of time, be sure to disconnect both the power plug from the AC outlet and antenna for your safety.

• To prevent electric shock do not use this polarized plug with an extension cord, receptacle or other outlet unless the blades can be fully inserted to prevent blade exposure.

IMPORTANT RECYCLING INFORMATION

This product utilizes both a Cathode Ray Tube (CRT) and other components that contain lead. Disposal of these materials may be regulated in your community due to environmental considerations. For disposal or recycling information, please contact your local authorities, or the Electronic Industries Alliance: http://www.eiae.org

• As an "ENERGY STAR®" partner, JVC has determined that this product or product model meets the "ENERGY STAR®" guidelines for energy efficiency.

Important Safeguards

CAUTION:

Please read and retain for your safety.
Electrical energy can perform many useful functions. This TV set has been engineered and manufactured to assure your personal safety. **But improper use can result in potential electrical shock or fire hazards**. In order not to defeat the safeguards incorporated in this TV set, observe the following basic rules for its installation, use and servicing. Also follow all warnings and instructions marked on your TV set.
INSTALLATION

1 Your TV set is equipped with a polarized AC line plug (one blade of the plug is wider than the other). This safety feature allows the plug to fit into the power outlet only one way. Should you be unable to insert the plug fully into the outlet, try reversing the plug. Should it still fail to fit, contact your electrician.

(POLARIZED-TYPE)

2 Operate the TV set only from a power source as indicated on the TV set or refer to the operating instructions for this information. If you are not sure of the type of power supply to your home, consult your TV set dealer or local power company. For battery operation, refer to the operating instructions.

3 Overloaded AC outlets and extension cords are dangerous, and so are frayed power cords and broken plugs. They may result in a shock or fire hazard. Call your service technician for replacement.

4 Do not allow anything to rest on or roll over the power cord, and do not place the TV set where power cord is subject to traffic or abuse. This may result in a shock or fire hazard.

5 Do not use this TV set near water – for example, near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near swimming pool, etc.

6 If an outside antenna is connected to the TV set, be sure the antenna system is grounded so as to provide some protection against voltage surges and built-up static charges. Section 810 of the National Electrical Code provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna discharge unit, connection requirements for the grounding electrode.

7 An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

8 TV sets are provided with ventilation openings in the cabinet to allow heat generated during operation to be released.

Therefore:

— Never block the bottom ventilation slots of a portable TV set by placing it on a bed, sofa, rug, etc.
— Never place a TV set in a "built-in" enclosure unless proper ventilation is provided.
— Never cover the openings with a cloth or other material.
— Never place the TV set near or over a radiator or heat register.

9 To avoid personal injury:

— Do not place a TV set on a sloping shelf unless properly secured.
— Use only a cart or stand recommended by the TV set manufacturer.
— Do not try to roll a cart with small casters across thresholds or deep pile carpets.
— Wall or shelf mounting should follow the manufacturer's instructions, and should use a mounting kit approved by the manufacturer.

Use

10 Caution children about dropping or pushing objects into the TV set through cabinet openings. Some internal parts carry hazardous voltages and contact can result in a fire or electrical shock.

11 Unplug the TV set from the wall outlet before cleaning. Do not use liquid or an aerosol cleaner.

12 Never add accessories to a TV set that has not been designed for this purpose. Such additions may result in a hazard.

PORTABLE CART WARNING (Symbol provided by RETAC)

13 For added protection of the TV set during a lightning storm or when the TV set is to be left unattended for an extended period of time, unplug it from the wall outlet and disconnect the antenna. This will prevent damage to product due to lightning storms or power line surges.

14 A TV set and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the TV set and cart combination to overturn.

Service

15 Unplug this TV set from the wall outlet and refer servicing to qualified service personnel under the following conditions:
A. When the power cord or plug is damaged or frayed.
B. If liquid has been spilled into the TV set.
C. If the TV set has been exposed to rain or water.
D. If the TV set does not operate normally by following the operating instructions. Adjust only those controls that are covered in the operating instructions as improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the TV set to normal operation.

E. If the TV set has been dropped or damaged in any way.
F. When the TV set exhibits a distinct change in performance — this indicates a need for service.

16 Do not attempt to service this TV set yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

17 When replacement parts are required, have the service technician verify in writing that the replacement parts he uses have the same safety characteristics as the original parts. Use of manufacturer's specified replacement parts can prevent fire, shock, or other hazards.

18 Upon completion of any service or repairs to this TV set, please ask the service technician to perform the safety check described in the manufacturer's service literature.

19 When a TV set reaches the end of its useful life, improper disposal could result in a picture tube implosion. Ask a qualified service technician to dispose of the TV set.

20 Note to CATV system installer.
This reminder is provided to call the CATV system installer's attention to Article 820-40 of the NEC that provides guidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of cable entry as practical.

Table of Contents

Thank you for your purchase of a JVC Color Television. Before you begin setting up your new television, please check to make sure you have all of the following items. In addition to this guide, your television box should include:
1 Television   1 Remote Control   Two AA Batteries
Note: Your television and/or remote control may differ from the examples illustrated here.

Once you have unpacked your television, the next step is to connect it to your antenna/ cable or satellite system and to connect the audio/video devices you want to use with your television. To make these connections you will use plugs like the ones illustrated below.

Coaxial Cables

Used to connect an external antenna or cable TV system to your TV.

Component Cables Composite Cables Audio Cables

Used to connect audio/ video devices like VCRs, DVD players, stereo amplifiers, game consoles, etc.

S-Video Cable

Used to make video connections with S-Video VCRs, Camcorders and DVD players.

We recommend that before you start using your new television, you read your entire User's Guide so you can learn about your new television's many great features. If you're anxious to start using your television right away, a quick setup guide follows on the next few pages.

Quick Setup   TV Model

NOTE: Before you connect your television to another device, please refer to the proper diagrams for your specific TV and remote. These will help assist you in understanding how to connect your television to another device, as well as use the remote to set up your television.

**MODEL:
AV-30W475**

• For information on remote control buttons, see pages 41 - 47.

Getting Started

These quick setup pages will provide you, in three easy steps, with the basic information you need to begin using your new television right away.

If you have questions, or for more detailed information on any of these steps, please consult other sections of this manual.

Step 1 – The Remote Control

Before you can operate your remote control, you first need to install the batteries (included).

Lift and pull the latch on the back of the remote control to open. Insert two batteries (included) carefully noting the "+" and "–" markings, placing the "–" end in the unit first. Snap the cover back into place.
When you change the batteries, try to complete the task within three minutes. If you take longer than three minutes, the remote control codes for your VCR, DVD, and/or cable box/satellite receiver may have to be reset. See pages 18 - 20.
Key Feature Buttons

The four key feature buttons at the center of the remote can be used for basic operation of the television. The top and bottom buttons will scan forward and back through the available channels. To move rapidly through the channels using JVC's **Hyperscan** feature, press and hold CH+ or CH–. The channels will zip by at a rate of five channels per second. The right and left buttons will turn the volume up or down. These buttons are also marked with four arrows and are used with JVC's onscreen menu system. To use the onscreen menus, press the M ENU button.
Basic Operation

Turn the television on and off by pressing the P OWER button at the top right corner of the remote. If this is the first time you are turning on the TV, the interactive plug-in menu appears.

• Make sure the TV/CATV switch is set to TV. Move the switch to CATV only if you need to operate a cable box.

• Slide the VCR/DVD selector switch to VCR to control a VCR. Slide to DVD to control a DVD player. Please see pages 18 to 20 for instructions on programming your remote control to operate a cable box, VCR or DVD player.

10
Step 2 – Connecting Your Devices

Please follow the flow chart below to determine which connection setup is right for you. Then, refer to the appropriate diagrams to connect your television to other devices that you may have. After you are finished connecting your devices, plug the power cord into the nearest power outlet and turn on the TV.

A VCR is not necessary for operation of the television. If you follow these diagrams and the television does not work properly, contact your local cable operator.

• To connect a DVD player, see **Diagram #3**. A DVD player is optional.

• If you have a satellite television system, please refer to the satellite TV manual.

Do you use a Cable TV Box?

Yes   No

Do you have a VCR?   Do you have a VCR?

Yes   No   Yes   No

Diagram #2   Diagram #1   Diagram #3   Diagram #1
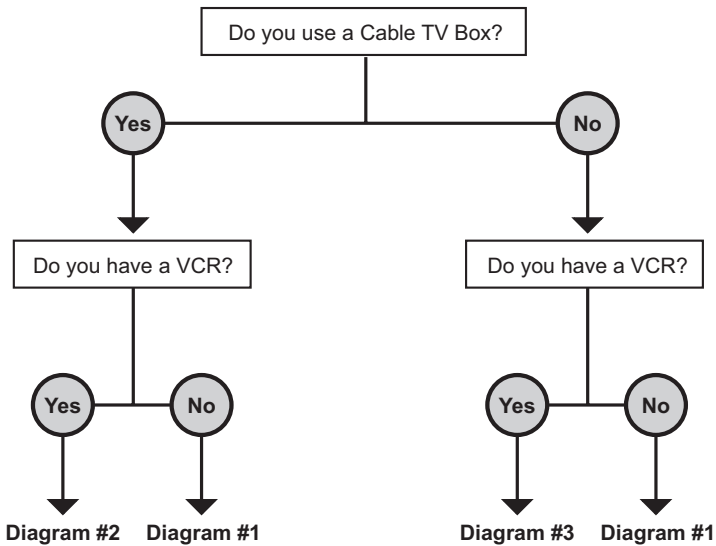

Diagram #1

Illustration of AV-30W475
Note:

• If you do not have a cable box, connect the cable wire from the wall outlet into the back of the TV.

Diagram #2

Illustration of AV-30W475
Notes:

• If your VCR is a mono sound unit, it will have only one audio out jack. Connect it to the TV's LEFT AUDIO INPUT.

• Use the S-Video connection if possible for superior picture quality.

• Your VCR must be turned on to view premium cable channels.

Notes:

- Green, blue and red are the most common colors for DVD cables. Some models may vary colors. Please consult the user's manual for your DVD player for more information.
- Be careful not to confuse the red DVD cable with the red audio cable. It is best to complete one set of connections (DVD or audio output) before starting the other to avoid accidentally switching the cables.
- If you use INPUT 2 (Component-In), for a DVD connection, you must select "V2-COMPONENT" by pressing the INPUT button, for proper display of the DVD signal.
- Progressive DVD players (players with an output scan of 31.5 KHz) will not work properly with this television. Set your DVD player's output to "interlaced", or non-progressive mode.

Diagram #3

Illustration of AV-30W475

Quick Setup   Connections
Connecting to a Camcorder

You may connect a camcorder, game console or other equipment to your television by using the side input jacks (Input 3). You can also connect these using the television's rear input jacks, using the same instructions.

Illustration of AV-30W475
1) Connect a yellow composite cable from the camcorder VIDEO OUT, into the VIDEO IN on the side of the TV.
2) Connect a white composite cable from the camcorder LEFT AUDIO OUT, into the LEFT AUDIO IN on the side of the TV.
3) Connect a red composite cable from the camcorder RIGHT AUDIO OUT, into the RIGHT AUDIO IN on the side of the TV.

Note:

• If your camcorder is a mono sound model it will have only one AUDIO OUT. Connect it to the LEFT AUDIO IN.

Connecting to an External Amplifier

Illustration of AV-30W475
1) Connect a white composite cable from the LEFT AUDIO OUTPUT on the back of the TV to the LEFT AUDIO INPUT on the amplifier.
2) Connect a red composite cable from the RIGHT AUDIO OUTPUT on the back of the TV to the RIGHT AUDIO INPUT on the amplifier.

Notes:

• Refer to your amplifier's manual for more information.
• You can use AUDIO OUTPUT for your home theater system.

14

Step 3 – The Interactive Plug In Menu

When you turn your television on for the first time the interactive plug-in menu will appear. The plug-in menu helps you to get your TV ready to use by letting you set your preferences for:

• The language in which you want the onscreen menus to appear.

• Setting the TV's clock to the correct time so your timer functions will work properly. You can choose "AUTO" or "MANUAL" for setting the clock.

• The auto tuner setup of which channels you wish to receive.

We recommend you complete the interactive plug-in items before you start using your television.

Language

After the "JVC INTERACTIVE PLUG IN MENU" has been displayed, the TV automatically switches to the LANGUAGE settings. You can choose to view your onscreen menus in three languages: English, French (Français) or Spanish (Español).

```
INTERACTIVE PLUG IN MENU>      JVC

LANGUAGE/LANGUE/IDIOMA
                      ◄ENGLISH►

              ▼ NEXT
SELECT   BY ▲▼
OPERATE BY ◄►        EXIT BY EXIT
```
◄►   To choose a language: (English, Français or Español)

▼   To NEXT (To set clock)

(To be continued...)

Auto Clock Set

Before you use any of your TV's timer functions, you must first set the clock. You may precisely set your clock using the XDS time signal broadcast by most public broadcasting stations. If you do not have this in your area, you will have to set the clock manually. See manual clock set below. To set the clock using the XDS signal:

```
INTERACTIVE PLUG IN MENU›    JVC
SET CLOCK

MODE              ◄AUTO►
TIME              ––:–– ––
TIME ZONE         ◄PACIFIC►
D.S.T.            ◄OFF►

          ◪NEXT
SELECT   BY ◪▼
OPERATE BY ◄▶       EXIT BY EXIT
```
◄▶	To choose AUTO
▼	To TIME ZONE
◄▶	To select your time zone: (Atlantic, Eastern, Central, Mountain, Pacific, Alaska or Hawaii)
▼	To move to D.S.T. (Daylight Savings Time)
◄▶	To turn D.S.T. ON or OFF
▼	To NEXT (To Auto Tuner Setup)

Notes:

• D.S.T. can be used only for US and Canada when it is set to ON in the SET CLOCK menu.

• Only when the MODE set to AUTO, the Daylight Savings Time feature automatically adjusts your TV's clock for Daylight Savings. The clock will move forward one hour at 2:00 am on the first Sunday in April. The clock will move back one hour at 2:00 am on the last Sunday in October.

• You will have to reset the clock after a power interruption. You must set the clock before operating any timer functions.

Manual Clock Set

To set your clock manually (without using the XDS signal), choose MANUAL. If you choose AUTO, see auto clock set above.

```
INTERACTIVE PLUG IN MENU›    JVC
SET CLOCK

MODE              ◄MANUAL►
TIME              ––:–– ––

D.S.T.            ◄OFF►

       ◪START CLOCK
SELECT   BY ◪▼
OPERATE BY ◄▶       EXIT BY EXIT
```
◄▶	To choose MANUAL
▼	To TIME
◄▶	To set the hour
▼	To minute
◄▶	To set the minute
▼	To START CLOCK

Note:

• You will have to reset the clock after a power interruption. You must set the clock before operating any timer functions.

16

Auto Tuner Setup

In auto tuner setup, the TV automatically scans through all available channels, memorizing the active ones and skipping over blank ones or channels with weak signals. This means when you scan (using the CHANNEL +/– buttons) you will receive only clear, active channels.

```
INTERACTIVE PLUG IN MENU›   JVC
AUTO TUNER SETUP

TUNER MODE          ◄CABLE►

            ◪START
SELECT   BY ▲▼
OPERATE BY ◄►           EXIT BY EXIT
```
◄►   To choose CABLE or AIR (or SKIP when you skip Auto Tuner Setup)

▼   To START

```
              NOW
        PROGRAMMING !
          ▶▶▶ ▭ ▶▶▶
              48
```

Programming will take approximately 1 to 2 minutes.

When the setup is finished, THANK YOU!! SETUP IS NOW COMPLETE is displayed. Your quick setup is now complete. You can now begin watching your television, or you can continue on in this guide for more information on programming your remote control, or using the JVC onscreen menu system to customize your television viewing experience.

Notes:

• Noise muting will not work during Auto Tuner Setup.

• Skip appears only for interactive plug-in menu.

• The interactive plug-in menu setting does not appear if your TV has been turned on before. In this case, use the initial setup menu to perform these settings. See pages 32, 38 and 24.

Cable Box and Satellite Users: After your auto tuner setup is complete, you may, (depending on the type of hookup), have only 1 channel, usually 3 or 4 in the auto tuner memory. This is normal.

STOP   ## The Quick Setup is complete

Remote Programming

Setting the CATV, VCR and DVD Codes

You can program your remote to operate your cable box, satellite receiver, VCR or DVD player by using the instructions and codes listed below. If the equipment does not respond to any of the codes listed below or to the code search function, use the remote control supplied by the manufacturer.

Cable Box or Satellite Codes

The remote control is programmed with cable box and satellite codes for power on/off, channel up/down, and 10 key operation.

1) Find the cable box or satellite brand from the list of codes shown below.
2) Slide the 2-way selector switch to "CATV".
3) Press and hold down the DISPLAY button, then enter the first code number listed with the 10 key pad.
4) Release the DISPLAY button, and confirm the operation of the cable box/satellite receiver.

• If your cable or satellite box does not respond to the first code, try the others listed. If it does not respond to any code, try the search codes function, on page 21.

Remote Programming

VCR Codes

The remote control is programmed with VCR codes for power on/off, play, stop, fast-forward, rewind, pause, record, channel up/down operation.

1) Find the VCR brand from the list of codes shown below.
2) Slide the first 2-way selector switch to "TV" and the other 2-way selector switch to "VCR".
3) Press and hold down the DISPLAY button, then enter the first code number listed with the 10 key pad.
4) Release the DISPLAY button, and confirm the operation of the VCR.

• If your VCR does not respond to the first code, try the others listed. If it does not respond to any of the codes, try the search codes function on page 21.

• After you program your remote, some VCR buttons may not work properly. If so, use the VCR's remote.

• To record, hold down the REC button on the remote and press PLAY.

Remote Programming

DVD Codes

The remote control is programmed with DVD codes for power on/off, play, stop, fast-forward, rewind, previous/next chapter, tray open/close, and still/pause operation.

1) Find the DVD player brand from the list of codes shown below.
2) Slide the first 2-way selector switch to "TV" and the other 2-way selector switch to "DVD".
3) Press and hold down the DISPLAY button, then enter the first code number listed with the 10 key pad.
4) Release the DISPLAY button, and confirm the operation of the DVD player.

• If your DVD player does not respond to the first code, try the others listed. If it does not respond to any of the codes, try the search codes function on page 21.

• After you program your remote, some DVD buttons may not work properly. If so, use the DVD player's remote.

DVD Player	CODES	DVD Player	CODES
Aiwa	043	RCA	021, 026
Apex	040	Sampo	034
Denon	020, 037	Samsung	030
Hitachi	030, 031	Sharp	028
JVC	000	Silvania	038
Kenwood	035	Sony	024, 045, 046, 047
Konka	039		
Mitsubishi	025	Technics	020
Onkyo	041	Toshiba	023
Oritron	044	Vialta	050
Panasonic	020	Wave	042
Philips	023, 036	Yamaha	020
Pioneer	022	Zenith	027, 032
Raite	033		

Remote Programming

Search Codes

Cable/Satellite Search Codes Function

1) Slide the first 2-Way Mode Selector switch to CATV.
2) Press and hold down the POWER button, then press the RETURN+ button for more than three seconds.
3) Release the RETURN+ button, then release the POWER button.
4) Press the POWER button on the remote, and see if the cable or satellite box responds.
5) If there was a response, press RETURN+. The codes are now set. If there was no response, repeat Step 4. If you repeat Step 4 a total of 52 times without a response, use the remote control that came with your equipment.
6) Press RETURN+ to exit.

VCR/DVD Search Codes Function

1) Slide the first 2-way selector switch to "TV" and the other 2-way selector switch to "VCR" or "DVD".
2) Press and hold down the VCR or DVD POWER button, then press the RETURN+ button for more than three seconds.
3) Release the RETURN+ button, then release the VCR or DVD POWER button.
4) Press the VCR or DVD POWER button, and see if the VCR or DVD responds.
5) If there was a response, press RETURN+. The codes are now set. If there was no response, repeat Step 4. If you repeat Step 4 a total of 80 times for the VCR (30 times for the DVD player), and there is no response, use the remote control that came with your equipment.
6) Press RETURN+ to exit.

Onscreen Menus

Using the Guide

Certain symbols are used throughout this guide to help you learn about the features of your new television. The ones you will see most frequently are:

▲▼ Up and Down arrows mean press the CH+ or CH– buttons. Pressing the CH+ or CH– buttons let you:
  • Move vertically in a main menu screen
  • Move through a submenu screen
  • Move to the next letter, number, or other choice in a submenu
  • Back up to correct an error
  • Scan through TV channels (when not in a menu screen)

◄► Left and right arrows mean press the VOLUME+ or VOLUME– buttons to move left or right to:
  • Select a highlighted menu item
  • Select an item in a submenu
  • Select numbers in certain menu options
  • Turn the volume up or down (when not in a menu screen)

The "press button" icon means you should press the button named on your remote control. (Button names appear in SMALL CAPITAL LETTERS.)

The "helping hand" icon points to the highlighted or selected item in a menu.

To bring up the onscreen menu, press the MENU button on the remote control. The item that appears in yellow is the one currently selected. If you press the MENU button again, the onscreen display will skip to the next menu screen. If you use the Menu button on the TV's side panel instead of the remote, an additional menu screen showing input, video status mode and aspect mode will appear. The "interactive plug-in menu" will appear the first time the TV is plugged in.

Notes:

• Menus shown in this book are illustrations, not exact replications of the television's onscreen displays.

• If you do not press any buttons for a few seconds, the onscreen menu will automatically shut off.

The Onscreen Menu System

Your television comes with JVC's onscreen menu system. The onscreen menus let you make adjustments to your television's operation simply and quickly. Examples of the Onscreen Menus are shown below. Detailed explanations on using each menu follow later in this guide. For information about the interactive plug-in Menu, see pages 15 - 17.

Press the MENU button

Initial Setup

Auto Tuner Setup

The auto tuner setup function is described on page 17 as the interactive plug-in menu. If you need to run the auto tuner setup again, follow the steps below.

(hand)	Press the MENU button
▲▼	To AUTO TUNER SETUP
◄►	To operate
◄►	To choose CABLE or AIR
▼	To move to START
◄►	To start Auto Tuner Setup

```
INITIAL SETUP>              JVC
AUTO TUNER SETUP

TUNER MODE           ◄CABLE►

              START
SELECT   BY▲▼
OPERATE BY◄►          EXIT BY EXIT
```
Programming will take approximately 1 to 2 minutes. The auto tuner is finished when the message **PROGRAMMING OVER!** appears onscreen.

Channel Summary

Channel summary allows you to customize the line-up of channels received by your TV. You can add or delete channels from the line-up or prevent any unauthorized viewers from watching any or all 181 channels.

(hand)	Press the MENU button
▲▼	To CHANNEL SUMMARY
◄►	To operate
The Channel summary screen will now be displayed with the channels set to scan marked with an "√". You can delete channels from the scan by removing the "√". If any channels were missed during auto tuner setup and you wish to add them, you may by placing an "√" next to the channel number.

```
INITIAL SETUP>              JVC
CHANNEL SUMMARY

CH NO. SCAN ID       🔒 I CH NO SCAN ID    🔒
   1                   I   6

CHANNEL  02            ■ ■ ■ ■

            FINISH
SELECT   BY▲▼         RESET BY 0
OPERATE BY◄►          EXIT BY EXIT
```
You can block access to a channel by activating the channel lock.

(hand)	Press the MENU button
▲▼	To CHANNEL SUMMARY
◄►	To operate
▲▼	To the Lock Column (🔒)
(hand)	Press the ZERO button to lock or unlock that channel
(hand)	Press the EXIT button when finished

Channel Guard Message

When a viewer attempts to watch a guarded channel, the following message appears:

To watch a channel that you have locked, enter the
Lock Code using the 10 key pad.
If the wrong code is entered, the message
"INVALID LOCK CODE!" will flash on the screen.

The channel cannot be accessed until the correct code
is entered.

THIS CHANNEL IS LOCKED BY
CHANNEL GUARD.
PLEASE ENTER LOCK CODE BY
10 KEY PAD TO UNLOCK IT.

NO. - - - -

Notes:

• Once a channel has been unlocked, it will remain unlocked until the television is turned off.

• See also "Set Lock Code", page 31.

V-Chip

Your TV is equipped with V-Chip technology which enables you to block channels or content
that you feel to be inappropriate for children, based on US and Canada rating guidelines.
V-Chip has no effect on video signals from a DVD discs, VCR tapes or Camcorder connection.

Note: Some programs, and movies are broadcast without a ratings signal. Even if you set
up V-CHIP ratings limits, these programs will not be blocked. See page 26 for information on
how to block unrated programs.

Note (for Canadian viewers): The V-Chip function is based on specifications designed for
the United States and therefore may not work properly in Canada.

You can customize the V-Chip settings of your television to match your personal tastes. The
V-Chip menu below is the starting point for your V-Chip settings

You can use US V-Chip settings (for programming broadcast from the United States), Canadian
V-Chip settings (for programming broadcast from Canada), and movie ratings. You may use any
or all of the settings (US V-Chip, Canada V-Chip, Movie ratings). Descriptions for setting each
of the three V-Chip formats appear in the next six pages along with descriptions of the rating
categories.

To access the rating categories:

Press the MENU button

▲▼ To V-CHIP
◄► To operate (Lock icon 🔒 will appear)

Press ZERO to access the V-Chip menu

◄► To turn V-Chip ON or OFF (V-Chip must be
turned ON for rating settings to operate)

▲▼ To move to SET US TV RATINGS,
SET MOVIE RATINGS, or SET CANADIAN RATINGS (see following pages for
descriptions of each item)

```

Initial Setup

Unrated Programs

Unrated programming refers to any programming which does not contain a rating signal. Programming on television stations which do not broadcast rating signals will be placed in the "Unrated Programming" category.

Examples of Unrated programs:

- Emergency Bulletins
- News
- Public Service Announcements
- Sports
- Some Commercials

- Locally Originated Programming
- Political Programs
- Religious Programs
- Weather

Note:

- TV programs or movies that do not have rating signals will be blocked if the unrated category is set to BLOCK.

Directions to Block Unrated Programs

You can block programs that are not rated.

👆	Press the MENU button

US V-Chip Ratings

U.S. PARENTAL RATING SYSTEMS

Programs with the following ratings are appropriate for children.

❐ **TV Y is Appropriate for All Children**
   Programs are created for very young viewers and should be suitable for all ages, including children ages 2 - 6.

❐ **TV Y7 is for Older Children**
   Most parents would find such programs suitable for children 7 and above. These programs may contain some mild fantasy violence or comedic violence, which children should be able to discern from reality.

Programs with the following ratings are designed for the entire audience.

❐ **TV G stands for General Audience**
   Most parents would find these programs suitable for all age groups. They contain little or no violence, no strong language, and little or no sexual dialog or situations.

❐ **TV PG Parental Guidance Suggested**
   May contain some, but not much, strong language, limited violence, and some suggestive sexual dialog or situations. It is recommended that parents watch these programs first, or with their children.

❐ **TV 14 Parents Strongly Cautioned**
   Programs contain some material that may be unsuitable for children under the age of 14 including possible intense violence, sexual situations, strong coarse language, or intensely suggestive dialog. Parents are cautioned against unattended viewing by children under 14.

❐ **TV MA Mature Audiences Only**
   These programs are specifically for adults and may be unsuitable for anyone under 17 years of age. TV MA programs may have extensive V, S, L, or D.

Viewing Guidelines

In addition to the ratings categories explained above, information on specific kinds of content are also supplied with the V-Chip rating. These types of content may also be blocked. The content types are:

- **V/FV** is for VIOLENCE/FANTASY VIOLENCE
- **S** stands for SEXUAL CONTENT
- **L** stands for strong LANGUAGE
- **D** stands for suggestive DIALOG

Initial Setup

Setting US V-Chip Ratings

Press the MENU button

▲▼ To V-CHIP
◄► To operate (lock icon 🔒 appears)

Press ZERO to access the V-Chip menu

◄► To turn V-Chip ON or OFF
▲▼ To move to SET US TV RATINGS
◄► To operate

```
  INITIAL SETUP>              JVC
  V-CHIP
  V-CHIP                    ◄OFF►
  SET US TV RATINGS►

                FINISH
  SELECT   BY ▲▼
  OPERATE BY ◄►        EXIT BY EXIT
```
Note:
• If you want to change the setup, move the cursor to the top column and change the lock icon to "—" by pressing ◄ or ► again. You may then select individual categories to block.

Movies Ratings

❒ **NR – Not Rated**
This is a film which has no rating. In many cases these films were imported from countries which do not use the MPAA ratings system. Other NR films may be from amateur producers who didn't intend to have their film widely released.

NR (Not Rated) Programming may contain all types of programming including children's programming, foreign programs, or adult material.

❒ **G – General Audience**
In the opinion of the review board, these films contain nothing in the way of sexual content, violence, or language that would be unsuitable for audiences of any age.

❒ **PG – Parental Guidance**
Parental Guidance means the movie may contain some contents such as mild violence, some brief nudity, and strong language. The contents are not deemed intense.

❒ **PG-13 – Parents Strongly Cautioned**
Parents with children under 13 are cautioned that the content of movies with this rating may include more explicit sexual, language, and violence content than movies rated PG.

❒ **R – Restricted**
These films contain material that is explicit in nature and is not recommended for unsupervised children under the age of 17.

❒ **NC-17 – No One Under 17**
These movies contain content which most parents would feel is too adult for their children to view. Content can consist of strong language, nudity, violence, and suggestive or explicit subject matter.

❒ **X – No One under 18**
Inappropriate material for anyone under 18.

Directions to set Movie (MPAA) Ratings

Press the MENU button

▲▼ To V-CHIP
◄► To operate (Lock icon 🔒 appears)

Press ZERO to access V-Chip setup options

▲▼ To SET MOVIE RATINGS
◄► To enter movies menu

For example:

To block viewing of X and NC-17 rated from shows:

▲▼ To the X Column
◄► To turn on the lock
▲▼ To the NC-17 Column
◄► To turn on the lock
▲▼ To FINISH
◄► To save settings and exit
Press the EXIT button when finished

```
 🔒 INITIAL SETUP>V–CHIP>        JVC
    SET MOVIE RATINGS

Initial Setup

Canadian V-Chip Ratings

❒ **E – Exempt**
Exempt programming includes: news, sports, documentaries and other information programming, talk shows, music videos, and variety programming.

❒ **C – Programming Intended for Children**
Violence Guidelines: There will be no realistic scenes of violence. Depictions of aggressive behavior will be infrequent and limited to portrayals that are clearly imaginary, comedic or unrealistic in nature.

❒ **C8+ – Programming Intended for Children 8 and Over**
Violence Guidelines: Any realistic depictions of violence will be infrequent, discreet, of low intensity and will show the consequences of the acts. There will be no offensive language, nudity or sexual content.

❒ **G – General Audience**
Programming will contain little violence and will be sensitive to themes which could affect younger children.

❒ **PG – Parental Guidance**
Programming intended for a general audience, but which may not be suitable for younger children. Parents may consider some content not appropriate for children aged 8-13.

❒ **14+ – 14 Years and Older**
Parents are strongly cautioned to exercise discretion in permitting viewing by pre-teens and early teens. Programming may contain mature themes and scenes of intense violence.

❒ **18+ – Adult**
Material intended for mature audiences only.

Directions to set Canadian V-Chip Ratings

Press the MENU button

▲▼   To V-CHIP

Set Lock Code

Channel guard and V-Chip settings are protected by a four-digit lock code. Your TV comes preset with a lock code of "0000". You may change the code to any four-digit number you wish. To change the lock code, follow the steps below.

🖐	Press the MENU button
▲▼	To SET LOCK CODE
◄►	To operate (lock icon 🔒 appears)
🖐	Press ZERO to access the lock code
The first digit will be highlighted

◄►	To select the number
▲▼	To move to the next digit

Continue to follow these directions for all four numbers

▲▼	To FINISH
◄►	To save settings and exit
	(your lock code is now set)
🖐	Press the EXIT button when finished

```
 ⬛ INITIAL SETUP>                    JVC
 ⬛ SET LOCK CODE

 LOCK CODE                          0000

                    FINISH
 SELECT   BY ▲▼
 OPERATE BY ◄►              EXIT BY EXIT
```

When a viewer attempts to watch a blocked channel, this message appears:

> THIS PROGRAMMING EXCEEDS
> YOUR RATING LIMITS.
> PLEASE ENTER LOCK CODE BY
> 10 KEY PAD TO UNLOCK IT.
>   NO. - - - -
The channel will remain blocked until the correct lock code is entered (see above for information on setting your lock code).

Notes:

• After a power interruption you must reset the lock code.

• Write your lock code number down and keep it hidden from potential viewers.

• If you forget the lock code, a new code may be set using the steps listed above.

Initial Setup

Tilt Correction

This adjusts the pictures so that it looks even on the screen and not lopsided.

🖐 Press the MENU button

▲▼ To TILT CORRECTION
◀▶ To enter
◀▶ To adjust TILT CORRECTION.

```
 TILT
 .........|..........
```

Language

The language function is described on page 15 as the interactive plug-in menu. If you need to choose the language again, follow the steps below.

🖐 Press the MENU button

▲▼ To LANGUAGE
◀▶ To choose a language: ENG. (English), FRAN. (French) or ESP. (Spanish)

🖐 Press the EXIT button when finished

```

            FINISH
SELECT   BY▲▼
OPERATE BY◀▶          EXIT BY EXIT
```
Notes:

• Closed caption subtitles are usually found on closed caption channel CC1. Some programs may include additional text information which is usually found on text channel T1. The other channels are available for future use.
• Closed captioning may not work correctly if the signal being received is weak or if you are playing a video tape.
• Most broadcasts containing closed captioning will display a notice at the start of the program.
• To select the mode, press the C.C. button. See page 44.

Front Panel Lock

This allows you to lock the keys on the side of the TV, so that a child may not accidentally change your viewing preferences.

👆	Press the MENU button
▲▼	To FRONT PANEL LOCK
◄►	To turn ON or OFF
👆	Press the EXIT button when finished

You can turn off this feature in the following ways:

• Unplug the power cord, and plug it back in. Do this if your batteries die, or you lose your remote control.

• Use the remote control.

• Press the MENU button on the side of the TV for more than 3 seconds. In this case, the OSD for FRONT PANEL LOCK will appear.

Note:

• To turn ON/OFF the TV, press the power button on the front of the TV for more than 3 seconds. This feature will remain ON.

Auto Shut Off

This function automatically shuts off your TV when there is no signal from the channel the TV is on.

👆	Press the MENU button
▲▼	To AUTO SHUT OFF
◄►	To turn ON or OFF
👆	Press the EXIT button when finished

• If the channel that you have on does not receive a signal for more than one minute, the blinking text "NOT RECEIVING A SIGNAL AUTO SHUT OFF IN 9 MIN." appears on the screen, and starts the countdown. If no signal is being received within 10 minutes, the TV shuts itself off.

XDS ID

XDS ID Display provides a channel's call letters, the network's name, and even a program name. The XDS ID information is provided by the broadcaster.

👆	Press the MENU button
▲▼	To XDS ID
◄►	To turn ON or OFF
👆	Press the EXIT button when finished

Initial Setup

Video Input Label

This function is used to label video input connections for the onscreen displays.

MTS (Multi-Channel Television Sound)

MTS technology allows several audio signals to be broadcast at once, giving you a choice in what you wish to hear with a TV program. In addition to mono or stereo sound, an MTS broadcast may also include a second audio program (SAP).

👆	Press the MENU button
▲▼	To MTS
◄►	Select the mode

(The ON AIR arrow tells you if a broadcast is in stereo and/or contains an SAP).

👆	Press the EXIT button when finished

Notes:
• Keep the TV in stereo mode to get the best sound quality. The sound will work in stereo mode even if a certain broadcast is in mono sound only.
• Choose the mono setting to reduce excessive noise on a certain channel or broadcast.
• Selecting SAP will allow you to hear an alternative soundtrack, if one is available.

Smart Sound

Decreases high sound levels, giving a regulated sound level.

👆	Press the MENU button
▲▼	To SMART SOUND
◄►	To turn ON or OFF
👆	Press the EXIT button when finished

Clock/Timers

Set Clock

The set clock function is described on page 16 as the interactive plug-in menu. You can choose to set the clock automatically, or manually. If you need to set the clock again, follow the steps below.

(button)	Press the MENU button
▲▼	To SET CLOCK
◀▶	To operate

When you set the clock automatically, choose AUTO by pressing the ◀ or ▶ arrows.

▲▼	To TIME ZONE
◀▶	To select your time zone
▲▼	To D.S.T. (daylight savings time)
◀▶	To turn D.S.T. ON or OFF
▼	To FINISH
◀▶	To save settings
(button)	Press the EXIT button when finished

Button Functions

Power

Turns the TV on or off.

Press the POWER button

Number Buttons - 10Key Pad

Use the number buttons on the remote control to move directly to a specific channel. For example, to move to channel 7:

0 (Zero)

7 (Seven)

100+ Button

Use the 100+ button to directly access channels above channel 99. For example, to move to channel 124, press 100+, 2 (Two), 4 (Four).

Channel +/–

Use these buttons to move up or down all the available channels your TV is able to recieve.

Volume +/–

Use these buttons to raise or lower the TV's volume level.

Muting

The MUTING button instantly turns the volume down completely when you press it. Press MUTING and the volume level will instantly go to zero. To restore the volume to its previous level, press MUTING again.

Menu

The MENU button allows you to access JVC's onscreen menu system. Press MENU to activate the onscreen menu system.

• See individual topics like "Sound Adjust" for specific information on using menus.

Exit

Use this button to enter or exit the TV's onscreen menus.

Button Functions

Return +

The RETURN+ button has two functions:

Return - Returns to the channel viewed just before the channel currently onscreen.

Return+ - Lets you program a specific channel to return to while scanning through the channels using the CH+ and CH– buttons.

RETURN+ and hold for three seconds

> RETURN CHANNEL
> PROGRAMMED!

The channel currently active has been programmed as your return+ channel. Now scan through the channels using the CHANNEL+/– buttons.

RETURN+

You will return to your programmed channel.

- To cancel your Return+ channel, press and hold the RETURN+ button for three seconds. The message "RETURN CHANNEL CANCELLED!" will appear.
- Return+ works only with the CH+/– buttons. Pressing any number key will cancel Return+.

Input

Selects the signal input source for the television: TV (for Antenna or Cable) or Video-1, 2, or V2-Component or Video-3 for video devices like VCR's, DVD players, or camcorders.

Press the INPUT button

→ TV → VIDEO-1 → VIDEO-2 → V2-COMPONENT → VIDEO-3 →
Note:
- You can also access the input menu screen by using the MENU button on the side of the TV instead of the remote control. It appears between INITIAL SETUP and PICTURE ADJUST screen. Choose the INPUT by pressing MENU ▼ on the side panel and select TV or VIDEO INPUT by using the CHANNEL +/- buttons (◀ OPERATE ▶).

Display

The display screen shows the current status of timers, inputs, and XDS ID.

Press the DISPLAY button

The screen to the right shows the following information:

```
07  KLVX  PBS
JAZZ FESTIVAL
NOW                12 : 20 PM
SLEEP TIMER             OFF
ON/OFF TIMER       EVERYDAY
   ON TIME          7 : 00 PM
   OFF TIME        10 : 00 PM
```

• The current channel or AV input (Channel 07)
• The current time (12:20 pm)
• Sleep timer status/minutes remaining (The Sleep Timer is off)
• On/off timer status (Set to turn on everyday at 7:00 PM, off at 10:00 PM)
• Each Press of the DISPLAY button changes the display mode

Display ⟶ Time ⟶ Channel ⟶ Off ⟶
Display - Full screen shown above

Time - Shows the current time only

Channel - Shows the current channel

Off - Turns display off

Notes:

• You may also turn off the display at any step by pressing MENU.

• If the clock, sleep timer or on/off timer are not set, the display screen will show: "CLOCK NOT SET", "SLEEP TIMER OFF", and "ON/OFF TIMER OFF" respectively.

Sleep Timer

The Sleep Timer can turn the TV off for you after you fall asleep. Program it to work in intervals of 15 minutes, for a total time of up to 180 minutes.

Press the SLEEP TIMER button

⟶ 0 15 30 45 60 75 90 105 120 135 150 165 180 ⟶

Sleep Timer Message

20 seconds before the automatic shutoff, this message will appear:

```
GOOD NIGHT!!
PUSH SLEEP TIMER BUTTON
TO EXTEND
```

You then have 20 seconds to press the sleep timer button to delay the shut off for another 15 minutes.

Button Functions

Sound

The SOUND button give you a choice of two sound effects.

A.H.S. - Adds a more spacious surround sound. Music gives basic effect and Movie for more effect.

BBE - BBE High Definition Sound restores clarity and presence for better speech intelligibility and musical realism.

Press the SOUND button

▲▼ To select A.H.S. or BBE

◄► To choose the setting

Press the EXIT when finished

```
SOUND EFFECT

☞A.H.S.              ◄MOVIE►
  BBE                  ◄ON►
SELECT   BY ▲▼
OPERATE BY ◄►        EXIT BY EXIT
```

Note: Manufactured under license from BBE Sound, Inc. Licensed by BBE Sound, Inc. under USP4638258, 5510752 and 5736897. BBE and BBE symbol are registered trademarks of BBE Sound, Inc.

C.C. (Closed Caption)

Use the C.C. (Closed Caption) button to select the mode of closed caption.

Press the C.C. button

OFF ⟶ SMART CAPTION ⟶ CAPTION ⟶ TEXT ⟶

• Smart Caption will appear when you press the MUTING button, only on channels where the broadcast contains closed captioning.

Button Functions

Video Status

The VIDEO STATUS button gives you a choice of four TV picture display settings, including a display of your own preferences.

STANDARD - Resets the picture display to the factory settings.

DYNAMIC - Heightens contrast.

THEATER - Gives a rich, film-like look to video when viewing in a dimly lit room.

GAME - Used for when you are playing video games connected to your TV.

Press the VIDEO STATUS button
By every press of the video status button, you change the mode.
→ STANDARD → DYNAMIC → THEATER → GAME →

• You can also access the FRONT PANEL CONTROL screen by using the MENU button on the side of the TV instead of the remote control. It appears between INITIAL SETUP and PICTURE ADJUST screen, and it has INPUT, VIDEO STATUS and ASPECT menus. Choose VIDEO STATUS by pressing MENU ▼ on the side panel and choose a mode by using the CHANNEL +/- buttons (◄ OPERATE ►).

TheaterPro D6500K

The TheaterPro D6500K color temperature technology function makes sure that the video you watch is set to the standard color temperature. This will adjust the picture quality to what the video film editors intended it to be.

Press the THEATER PRO button

Button Functions

Aspect

This feature will help you adjust the picture you are watching to give you the best possible picture quality.

Press the ASPECT button

- *By pressing the ASPECT button, you can change the size.*

→ PANORAMA ⟷ CINEMA ⟷ FULL ⟷ REGULAR ←
When you change the aspect ratios, it is different from their broadcast or recorded program.

Aspect Ratios

**PANORAMA** - With this ratio a normal 4:3 aspect picture is stretched to fit the dimensions of the 16:9 aspect screen.

CINEMA - This ratio "zooms in" on the center part of a 4:3 aspect picture, blowing it up to fill the 16:9 screen.

FULL - This is the ratio to use when watching 16:9 broadcasts.

REGULAR - The regular ratio is used when you want to watch a 4:3 broadcast or recorded program without modifying the original picture to fit the dimensions of your 16:9 screen. The 4:3 picture will fill the screen from top to bottom, while black bars will appear to fill up the remaining space along the picture's sides. The 4:3 picture will be centered within the boundaries of the 16:9 screen.

Note:

- You can also access the FRONT PANEL CONTROL screen by using the MENU button on the side of the TV instead of the remote control. It appears between INITIAL SETUP and PICTURE ADJUST screen, and it has INPUT, VIDEO STATUS and ASPECT menus. Choose ASPECT by pressing MENU ▼ on the side panel and choose a mode by using the CHANNEL +/- buttons (◄ OPERATE ►).

Button Functions

TV/CATV Slide Switch

Use either the television's own tuner or a cable box to select channels. Set this switch to **TV** to operate the television's built-in tuner. Move the switch to **CATV** to operate a cable box.

Note:

• See page 18 for information on programming your remote for cable box operation.

VCR/DVD Slide Switch

You can control a VCR or DVD player with the buttons on the lower part of the remote control. Move the slide switch to **VCR** or **DVD** to operate.

Notes:

• The remote is preset with the code 000 to control JVC-brand VCR's. For any other manufacturer's brand VCR, please see the code chart and instructions on page 19.

• The remote is preset with the code 000 to control JVC-brand DVD players. For any other manufacturer's brand DVD player, please see the code chart and instructions on page 20.

VCR Buttons

You can use this remote control to operate the basic functions of your VCR. These functions include: play, record, rewind, fast-forward, stop, pause, channel scan, TV/VCR, power on, and power off.

Move the selector switch to **VCR** to operate.

• The remote is preset with the code 000 to control JVC-brand VCR's. For any other manufacturer's brand VCR, please see the code chart and instructions on page 19.

DVD Buttons

You can also use this remote control to operate the basic functions of your DVD player. These functions include: play, rewind, fast-forward, stop, still/pause, previous/next, tray open/close, power on, and power off.

Move the selector switch to **DVD** to operate.

• The remote is preset with the code 000 to control JVC-brand DVD players. For any other manufacturer's brand DVD player, please see the code chart and instructions on page 20.

Troubleshooting

PROBLEMS	CHECK
There is no power	• See if the power cord became unplugged. • Check for a blown fuse or circuit breaker or a power outage.
There is no picture or sound	• The antenna could be disconnected. • The input mode could be set improperly. See page 42. • The tuner (Auto Tuner Setup) could be set improperly. See page 24. • The TV station may be having difficulties. Check to see if other stations are working.
Remote control is not operating properly or at all	• Check to see that the batteries are still working and properly installed. • Make sure the remote has a clear sight path to the TV. • Check that the TV/CATV switch is in the proper position. • You may be too far from the TV. You must be within 23 feet (7 meters).
You cannot select a certain channel	• Make sure the channels have been programmed. See "Channel Summary", page 24. • Check to see if the channel is locked. See "Channel Summary - Lock" page 25.
The power turns off by itself	• Make sure the set did not become unplugged. • Perhaps the On/Off Timer is set. See page 39. • Check to see if the Sleep Timer was set. See page 43.
The clock is wrong	• The power was interrupted and the clock was not reset. See page 38.
The On Timer is blinking	• There is a problem with the TV. Unplug the set and call for service.
The color quality is poor	• Tint and Color may be improperly adjusted. See page 35. • The Video Status mode may be turned to the wrong setting. See page 45.
There are lines across the picture	• There could be interference from another electrical appliance, such as a computer, another TV or VCR. Move any such appliances further away from the TV.
The picture is spotted	• There could be interference from a high-wattage appliance, like a hairdryer or vacuum, operating nearby. Move the antenna away from the appliance or change to a coaxial cable connection which is less prone to interference.
There are double pictures (ghosts)	• A building or passing airplane can reflect the original signal and produce a second, slightly delayed one. Adjust your antenna position.
Picture is snowy (image noise)	• Your antenna may be damaged, disconnected or turned. Check the antenna connection. If the antenna is damaged, replace it.
Screen is 80% black	• The Closed Caption Text mode is on. Turn it off in the Closed Caption Menu, page 32.
Stereo or bilingual programs can't be heard	• Make sure the MTS settings are correct. See "MTS" on page 37.
There is no picture being displayed for INPUT-2	• Check your AV Cables to make sure they are connected tightly and properly. • In case you are connecting using component cables to V2, make sure you select "V2-COMPONENT" by pressing the INPUT button. See page 13 and 42. • In case you are connecting using composite cables to V2, make sure you select "VIDEO-2" by pressing the INPUT button. See page 13 and 42.

⊘ mark appears	The ⊘ mark will appear if you press the ASPECT button under these conditions:
	  • While noise muting is on over channels which are not broadcasting or are too weak to be received.
	  • When a channel is locked by CHANNEL GUARD.

Static electricity	• It is normal to feel static electricity if you brush or touch the screen.
You hear occasional crackling sounds	• It is normal for the TV to make crackling sounds when first turned on or off. Unless the sound or picture become abnormal, this is fine.

JVC®   # LIMITED WARRANTY   **COLOR TV 1-1**

For Canadian model televisions, see separate sheets for Canadian Warranty information.

JVC COMPANY OF AMERICA (JVC) warrants this product and all parts thereof, except as set forth below ONLY TO THE ORIGINAL RETAIL PURCHASER to be FREE FROM DEFECTIVE MATERIALS AND WORKMANSHIP from the date of original purchase for the period shown below. ("The Warranty Period")
(PICTURE TUBE is covered for Two (2) years.)

Parts	Labor
1 YEAR	**1** YEAR

THIS LIMITED WARRANTY IS VALID ONLY IN THE FIFTY (50) UNITED STATES, THE DISTRICT OF COLUMBIA AND IN THE COMMONWEALTH OF PUERTO RICO.

WHAT WE WILL DO:
If this product is found to be defective within the warranty period, JVC will repair or replace defective parts with new or rebuilt equivalents at no charge to the original owner. Such repair and replacement services shall be rendered by JVC during normal business hours at JVC authorized service centers. Parts used for replacement are warranted only for the remainder of the Warranty Period. All products may be brought to a JVC authorized service center on a carry-in basis. Color televisions with a screen size of 27" or greater qualify for in-home service. In such cases, a technician will come to your home and either repair the TV there or remove and return it if it cannot be repaired in your home.

WHAT YOU MUST DO FOR WARRANTY SERVICE:
Please do not return your product to the retailer
Instead, return your product to the JVC authorized service center nearest you. If shipping the product to the service center, please be sure to package it carefully, preferably in the original packaging, and include a brief description of the problem(s). Please call 1-800-252-5722 to locate the nearest JVC authorized service center. Service locations can also be obtained from our website http://www.jvc.com. If your product qualifies for in-home service, the service representative will require clear access to the product.

If you have any questions concerning your JVC Product, please contact our Customer Relations Department at 800-252-5722

WHAT IS NOT COVERED:
This limited warranty provided by JVC does not cover:
1. Products which have been subject to abuse, accident, alteration, modification, tampering, negligence, misuse, faulty installation, lack of reasonable care, or if repaired or serviced by anyone other than a service facility authorized by JVC to render such service, or if affixed to any attachment not provided with the products, or if the model or serial number has been altered, tampered with, defaced or removed;
2. Initial installation, installation and removal from cabinets or mounting systems.
3. Operational adjustments covered in the Owner's Manual, normal maintenance, video and audio head cleaning;
4. Damage that occurs in shipment, due to act of God, and cosmetic damage;
5. Signal reception problems and failures due to line power surge;
6. Video Pick-up Tubes/CCD Image Sensors are covered for 90 days from the date of purchase;
7. Accessories;
8. Batteries (except that Rechargeable Batteries are covered for 90 days from the date of purchase);
9. Products used for commercial purposes, including, but not limited to rental.

There are no express warranties except as listed above.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY HEREIN.

JVC SHALL NOT BE LIABLE FOR ANY LOSS OF USE OF THE PRODUCT, INCONVIENCE, OR ANY OTHER DAMAGES, WHETHER DIRECT, INCIDENTAL OR CONSEQUENTAL (INCLUDING, WITHOUT LIMITATION, DAMAGE TO TAPES, RECORDS OR DISCS) RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS WARRANTY. ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE, ARE LIMITED TO THE WARRANTY PERIOD SET FORTH ABOVE.

Some states do not allow the exclusion of incidental or consequential damages or limitations on how long an implied warranty lasts, so these limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
