Product Highlights

Black Hibri

TV tube technology used for all Philips 14" tv's giving good colour reproduction on the smaller sets.

Contrast Plus

A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Incredible Surround

Incredible Surround widens the stereo sound signal offering a surround sound experience.

Smart Listening

This is the combination of Delta Volume and Automatic Volume Limiter. The former avoids undesirable changes in volume, caused by the different sound settings of different programmes. The latter avoids the rapid increase in volume which can happen in the case of different commercials

FM Radio

A radio is included inside the TV, capable of stereo sound (in stereo TV's) and storage of up to 40 FM Radio stations. On screen naming of all these stations is also possible for easy navigation.

Plug & Play

Having connected the tv, it automatically searches for all channels and installs them.

10 Page Smart Text

Fast access to your own programmed favourite text pages.

Front Connections

Connections for headphone and other inputs such as camcorder, front entry for ease of use.

Full NTSC Playback

The TV can be used to watch NTSC material (eg american video tapes), when connected via scart to a video recorder.

Handgrip

On the top of the TV a handgrip is provided for easy portability
