## Product highlights

### Wireless Smart Loader™

Provides the ability to copy easily and wirelessly all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

### External Loudspeaker Connector

Amplified audio connector for easy installation of external speakers (like for bathrooms), eliminating the need for investments in external equipment

### Welcome Message

Welcome greeting displayed on screen each time the TV set is switched on

### Volume Control Locking

This feature predefines the volume range in which the TV set can operate, preventing excessive volume adjustments avoiding disturbance of next door neighbours.

### Front Controls Locking

Prevents unauthorised access to TV functions

### Switch On Channel Programming

It forces the TV set to a specified channel when turned on. Perfect for in-house advertising or information channels.

### Security Menu Access

Provides conditional access to installation and configuration settings via a special code or master remote control

### ESP™

Feature can be selected in the set-up menu. The TV can be switched off automatically after a specified period of use saving energy and providing extended product life time. The selectable range is from 0 to 99 hours.

### Battery Low Detection

This feature informs of the need to replace the remote control batteries preventing unnecessary replacement of batteries.

### Multi Language Teletext

Allows users to select their preferred language supported by the teletext characters
