- **Front / Side connections:** CVBS in, Audio L/R in
- **Other connections:** Monitor out, CVBS, L/R (cinch)

Power

- **Mains power:** AC 100-240V, 50/60Hz
- **Standby power consumption:** <3W
- **Power consumption:** 47 W

Dimensions

- **Box dimensions (W x H x D):** 455 x 390 x 415 mm
- **Color cabinet:** Bi-colour Black and Silver Frost
- **Set dimensions (W x H x D):** 400 x 332 x 366 mm
- **Weight incl. Packaging:** 11.2 kg
- **Product weight:** 9.5 kg

Accessories

- **Included Accessories:** 2 x AAA Batteries, Remote Control, User Manual

Product highlights

Crystal Clear

Combining picture enhancements like Contrast plus and color improvement, Crystal Clear improves picture depth.

Black Hibri picture tube

Black Hibri is a TV tube technology used on Philips small-screen TVs, giving good color reproduction on smaller sets.

Noise Reduction

During weak signal transmission, random noise will appear on the image. When viewed, the image contains dark and white dots. Noise reduction significantly reduces the appearance of these dots, hence creating a pleasant viewing experience.

AV Stereo

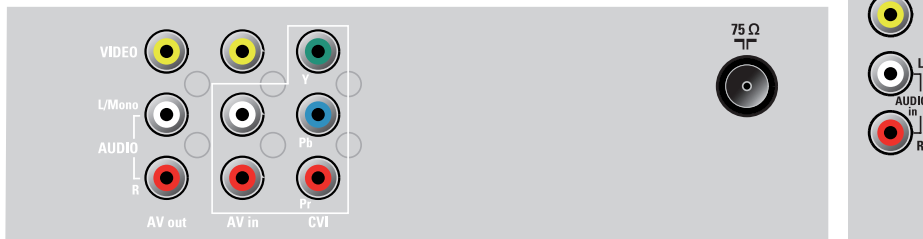

By connecting the TV to an AV source with stereo sound, the TV converts the mono sound to spatial stereo sound for a lifelike experience.

Smart Picture

Smart Picture provides the optimum picture settings for color, brightness, saturation, contrast, sharpness, and so on, to enhance your overall viewing experience at all times.

Component Video Input (YPbPr)

Component Video is the highest quality interconnection standard for analog video. It is sharper than S-video and composite video.
