21" COLOUR TELEVISION

**21PT1181/21PT1381
21PT1321**

SMART PICTURE CONTROLS (Four Picture Settings)

Four picture settings give you the best possible pictures for every type of programme or room lighting conditions

RICH	- Dramatic, vivid picture in bright ambient light
NATURAL	- Natural colours under normal ambient conditions
SOFT	- Warm colours under low light ambient conditions
PERSONAL	- Own personal preference settings

**POWER CHIP** (BIMOS Picture Improvement Circuitry)

PHILIPS Power Chip provides you with improved picture quality.
Namely better contrast, better colour transient, better colour reproduction and optimum sharpness.

SMART SOUND CONTROLS (Four sound settings)

Four sound settings give you crisper audio performance which caters for different consumer sound preferences

THEATRE	- For dramatic movies or theatre performances (Bass and Treble Boosted)
MUSIC	- For music programmes (Bass Boosted)
VOICE	- For news and speech programmes (Treble Boosted)
NORMAL	- For programme sound without additional boosting

13 PERSONAL PREFERENCE (RF) and 1 PERSONAL PREFERENCE (AV)

This feature allows you to select & programme picture setting and sound volume level combination that suits you on 13 different RF channels and 1 AV channel (if applicable). This will allow you to cater to the different transmission signal conditions of different broadcasting stations. Once you have programmed your settings, SMART TV never forgets.

WAKE-UP TIMER

Your new alarm clock feature that can be used for wake-up calls. You can also use this feature to remember the programme that you would like to watch. No more missed programmes.
