TV systems	See table
Plug and Play	

**Teletext (21PT1654 only)**

Reception standards	TOP / FLOF (Fastext)
5 page memory	

**Connectors**

Front	Headphone out (3.5 mm)
	Video CVBS In + Audio mono In Cinch
Rear	Ext 1: Scart CVBS In / Out + RGB In

**Operation**

Remote control for	
• 21PT1354 – RC 282603/01	
• 21PT1654 – RC283509/01	
Program Information Line	
Sleeptimer (240 minutes)	

**Measurements**

Mains	220 - 240V, 50 Hz
Power consumption	63 Watts
	3 Watts (Standby)
Net weight	21 kg (approx.)
Gross weight	22 kg (approx.)
Set dimension	514 x 487 x 494 (W x D x H mm)
Box dimension	592 x 565 x 584 (W x D x H mm)

Cabinet colour : Mid Grey (10763)

**Product Highlights****Black Line picture tube**

The Black Line picture tube offers excellent images with high sharpness and contrast and less reflection for brilliant colors and improved viewing in daylight conditions.

**Contrast Plus**

A special circuitry has been incorporated into this receiver to enhance the darker portions of the picture for added realism and overall picture quality.

**Sleeptimer**

The Sleeptimer automatically turns the TV off at a preset time of up to 240 minutes from the time the feature is activated. Sleeptimer settings are programmed in 15, 30 and 60-minute increments.

**Smart Picture**

A touch of the SMART PICTURE button on the remote control provides the option of selecting one of four preset positions (Soft, Natural, Rich, Personal) to enjoy excellent viewing under different lighting conditions. Select the desired option and all important picture elements are instantly adjusted to optimize viewing pleasure. 'Rich' for bright daylight conditions, 'Soft' for dark room settings, 'Natural' for normal ambient conditions and 'Personal' for individual preference.

**Smart Sound**

A touch of the SMART SOUND button on the remote control provides the option of selecting one of four preset positions (Theatre, Music, Voice, Personal) to optimize each individual sound preference when viewing different programs or sources.

**Plug and Play**

No problem anymore to install your new TV. You choose the language you are more familiar with, the country you are in and the TV will install automatically all available programs.

**Delta Volume**

It is a static feature that simple allows the user to put a delta in volume for each channel. Therefore it avoids undesirable changes in volume, due to different sound modulations of the programs, during channel browsing.
