Product Highlights

Black Line picture tube

The Black Line picture tube offers excellent images with high sharpness and contrast and less reflection for brilliant colors and improved viewing in daylight conditions.

Contrast Plus

A special circuitry has been incorporated into this receiver to enhance the darker portions of the picture for added realism and overall picture quality.

Smart Picture

A touch of the SMART PICTURE button on the remote control provides the option of selecting one of four preset positions (Soft, Natural, Rich, Personal) to enjoy excellent viewing under different lighting conditions. Select the desired option and all important picture elements are instantly adjusted to optimize viewing pleasure. 'Rich' for bright daylight conditions, 'Soft' for dark room settings, 'Natural' for normal ambient conditions and 'Personal' for individual preference.

Smart Sound

A touch of the SMART SOUND button on the remote control provides the option of selecting one of four preset positions (Movie, Music, Speech, Personal) to optimize each individual sound preference when viewing different programs or sources.

Easy Tune (ATS / ACI)

A no fuss and easy way to install and store channels in any favorite order.

Sleeptimer

The Sleeptimer automatically turns the TV off at a preset time of up to 240 minutes from the time the feature is activated. Sleeptimer settings are programmed in 15, 30 and 60-minute increments.

Plug and Play

No problem anymore to install your new TV. You choose the language you are more familiar with, the country you are in and the TV will install automatically all available programs.
