Product Highlights

Real Flat Picture Tube

The Real Flat picture tube offers high contrast for natural colors and improved daytime viewing. With the revolutionary flat screen design, there is virtually no picture distortion, even when viewed from the sides. The flat screen technology reduces glare from ambient light, preventing eye fatigue.

Contrast Plus

A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality

RMS

The standard professional measure of sound output power. All our Tv's are measured in RMS with 10% Distortion. There are other terms than RMS which often show higher numbers but are not comparable.

Plug & Play

Having connected the tv, it automatically searches for all channels and installs them.

1 page Teletext

Teletext information available.

Sleeptimer

The Television can be programmed to go into standby mode at a time defined by the user.

Side Connections

Connections for headphone and other inputs such as camcorder, side entry for ease of use.
