Product Highlights

Personal Zapping
Allows any combination of favorite teletext pages or TV programs to be stored in the colored Favorite Program/Text buttons. A total of 10 preferred programs/teletext pages of the same subject or user can be stored in each colored button.

Smart Picture
A touch of the SMART PICTURE button on the remote control provides the option of selecting one of four preset positions (Rich, Natural, Soft, Personal, Multimedia) to enhance enjoyment of video games, sports and movies, also based upon the room lighting condition. By selecting the desired option, all important picture elements are instantly adjusted to optimize viewing pleasure.

Smart Sound
A touch of the SMART SOUND button on the remote control provides the option of selecting one of four preset positions (Theatre, Music, Voice, Personal) to suit each individual sound preference when viewing different programs or sources.

Contrast Plus
A special circuitry has been incorporated into this receiver to enhance the darker portions of the picture for added realism and overall picture quality.

4 x 3 Expand
Expands movie images recorded in letterbox format by removing the black horizontal bars at the top and bottom and filling the entire screen.

16 x 9 Compress
Compresses full screen movie images into letterbox format by adding the black horizontal bars at the top and bottom of the TV screen.

Incredible Surround
Actively processes the signal using advanced electronics and psycho-acoustic method to widen the stereo spatial image. This feature provides incredible sound with extra depth and an unbelievable three-dimensional effect that surrounds the user completely without the need for additional surround speakers.

Smart Text
A touch of any one of the four colored teletext buttons on the remote control recalls instantly the desired favorite teletext page. Simply program four favorite teletext page numbers into the four teletext colored buttons for quick access.
