Let's make things better.

PHILIPS

27" Stereo Remote Color Monitor/Receiver

Picture

Incredible Picture™

Creates a remarkable increase in clarity and sharpness at the point of transition from dark to light areas of the video image for a picture so sharp and well defined that you'll never want to go to the movies again.

Digital Comb Filter

Digital circuitry clearly separates black and white detail from color data virtually eliminating dot crawl and delivering unmatched, razor-sharp picture performance with 800+ lines of horizontal resolution.¹

Component Video Input

Supports advanced video input (such as DVD) for superb color purity, crisp color detail, and reduced color noise-surpassing even that of S-Video!

Improved Image Definition (IID™)

AutoPicture™

Video DNR (Dynamic Noise Reduction)

Black Stretch

27" Black Matrix Picture Tube

Blue Stretch

3-Position Color Temperature

Green Stretch

Remote Control

Universal Backlit TV/VCR/Cable Remote (RC type# RC A10 U81BX)

Controls all features of this monitor/receiver with direct menu access, including Multimedia Mode, Incredible Surround™, Surf™, and the dual A/V input/tuner switch. It also activates exclusive AutoSound Plus™, AutoChron™, and AutoPicture™ options. In addition, this remote controls all important operating features of virtually all VCRs, most brands of DVD Video Players, virtually all brands of DBS receivers, and on/off as well as channel functions on most cable converters.

Convenience

Multimedia Mode

One button instantly switches to A/V input source and automatically sets the Auto feature options to MULTIMEDIA.

AutoSurf™

Simplify channel surfing by storing up to ten favorite stations in the Surf™ memory and then surfing only those channels at the touch of a button. Add or delete channels from list through onscreen display.

AutoChron™

Automatically sets the right time of day and maintains it through brown-outs, power failures, and even daylight savings time adjustments.

AutoLock™

AutoMute™

Alternate Channel

Onscreen Clock with Sleep Timer

Alarm On/Off Timer

Second S-Video Jack

Trilingual Onscreen Display

AutoProgramming

Onscreen Volume Bar

Sound

Incredible Surround™

An exciting psycho-acoustic method of widening the stereo spatial image for full-impact home entertainment.

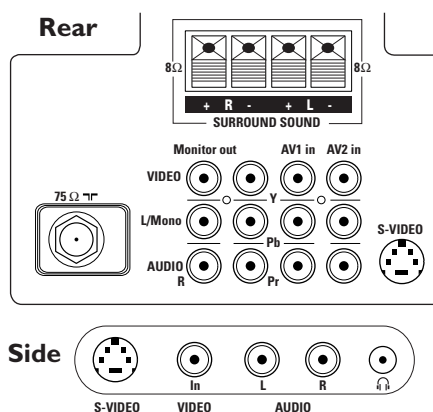

AutoSound Plus™

Instantly optimize sound to satisfy any program situation. Select from one of four factory settings including movies, music, voice, or personal with a variety of combination of ultra bass, treble, and automatic volume leveling to suit any taste.

10-Watt dbx® Hi-Fi Stereo Sound System with Surround Sound Jacks (5 Watts RMS per channel into 8Ω, from 40Hz to 15.6kHz, with no more than 7% Total Harmonic Distortion).

Tone Controls

Audio/video Jack Panel JP0522

Surround Sound Jacks

Gold-Plated Stereo A/V Input/Output Jacks

Additional features include:

- Channel edit
- Total remote menu format tuning with multicolor onscreen graphics
- 181 channel capability
- 4-way cursor control
- Direct channel access
- Programmable scan tuning
- Status recall
- Mono/stereo/SAP select
- Cable/normal select
- Two 5" oval, full-range speakers with menu-selectable speaker switch
