Product highlights

BlackLine FX picture tube

A new Philips tube with dark glass for better contrast and highly pigmented phosphor giving brighter and more contrast.

Contrast Plus

A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Incredible Surround

Incredible Surround widens the sound stage, giving you the impression of having extra speakers all around you.

RMS

The standard professional measure of sound output power. All our Tv's are measured in RMS with 10% Distortion. There are other terms than RMS which often show higher numbers but are not comparable.

Plug & Play

Having connected the TV, it automatically searches for all channels and installs them.

10 Page Smart Text

Fast access to your own programmed favourite text pages.
