Net weight 25" - 28kg
29" - 45kg
Gross weight 25" - 30kg
29" - 55kg
Set dimension 25" - 684 x 473 x 510
29" - 788 x 502 x 590
(W x D x H mm)
Box dimension 25" - 800 x 588 x 721
29" - 895 x 640 x 755
(W x D x H mm)
Cabinet colour Green Silver (10851)

Product Highlights**Black Line S picture tube**

The Black Line S picture tube with its invar mask offers high contrast for natural colors and improved daytime viewing.

Smart Picture provides the option of selecting one of four preset positions (Rich, Natural, Soft, Personal, Multimedia) to enhance enjoyment of video games, sports and movies. By selecting the desired option, all the important picture elements are instantly adjusted to optimize viewing pleasure.

Smart Sound provides the option of selecting one of four preset positions (Theatre, Music, Voice, Personal) to suit each individual sound preference when viewing different programs or sources.

Incredible Surround actively processes the signal using advanced electronics and psycho-acoustic method to widen the stereo effect. This feature provides incredible sound with extra depth and an unbelievable three-dimensional effect that surrounds the user completely without the need for additional surround speakers.

Smart Lock is an electronic lock that can be used to block channel(s) by entering a unique digit code. This feature is useful in preventing young children from accessing undesired program(s). A Lock-after feature is installed to allow you to lock the TV at a specified time.

Scavem

Is an innovative circuit design to enhance edge details by varying the speed of the electron beam, providing a sharp and crisp picture.

Smart Listening

It is the combination of Delta Volume and AVL. The former avoids undesirable changes in volume, due to different sound modulations of the programs, during channel prowsing. The latter avoids rapid increase in volume like, for example, in case of commercials.
