Product Highlights

Ultraflat Black Lines S CRT

The Ultraflat screen provides an improved viewing angle, less disturbing reflections and prevents image distortion. The Black Lines also offers high contrast, natural colours and improved daytime viewing.

SCAVEM (Scan Velocity Modulation) varies the speed of the electron beam to enhance the image edge definition and contrast.

Contrast Plus greatly enhances the degree of black to white contrast, thus optimizing the total contrast in improved picture clarity.

Incredible Surround actively processes the signal using advanced electronics and psycho-acoustic methods to widen the stereo spatial image. This feature provides incredible sound with extra depth and an unbelievable three-dimensional effect.

Smart Picture provides user with four factory preset positions (Soft, Natural, Rich, Personal) to enhance enjoyment of video games, sports, movies etc. By selecting the desired option, all the important picture elements are instantly adjusted to optimize viewing pleasure.

Smart Sound provides user with four factory preset positions (Theatre, Music, Voice, Personal) to suit individual sound preference when viewing different programmes or sources.

Easy Tune (ATI/ACS) provides you the ease of installing and storing channels with no fuss.
