- NexTVView Level 2
- Easy Link : Pre-set download, WYSIWYR, One Touch Record
- NexTVView Link

Reception

- Tuning System: PLL digital tuning
- Tuner: VHF, UHF, S-Channel, Hyperband
- Aerial Input: 75 ohm Coaxial
- TV System: See table
- Stereo System: See table
- Video Playback: NTSC 4.43/3.58

Miscellaneous

- Mains: AC 220-240V +/- 10%
- Power Consumption: 104W Normal Operation
0,55W Stand by
- Set Weight : 33 kg
- Weight Incl. Packaging: 40.1kg
- Set Dimension (WxHxD): 773x582x50.0 mm
- Box Dimension (WxHxD): 930x704x656 mm
- TV Colour : FL8 Grey (10806)

Product highlights

Blackline FX

A new Philips picture tube with dark glass for better contrast and highly pigmented phosphors giving brighter and more natural colours.

100Hz

Conventional Televisions show a picture by scanning 50 times per second (50 Hertz). This frequency can be detected by the human eye in the form of a field flickering picture. 100 Hertz sets show a picture by scanning 100 times per second eliminating the field flickering.

Active Control

Active Control automatically analyses, 50 times per second, the incoming signal and adjusts the key picture settings on Sharpness, Digital Noise Reduction and Picture Format. Active Control thus offers the best possible picture settings any time, any source.

Incredible Surround

Incredible Surround widens the stereo sound signal offering a surround sound experience.

RMS

The standard professional measure of sound output power. All our Tv's are measured in RMS with 10% Distortion. There are other terms than RMS which often show higher numbers but are not comparable.

1200 Page Easytext

Almost instant access to frequently used teletext pages (Habitwatch) and the ability to scroll through subpages without waiting.

Top Controls

Volume and channel change controls on top of the tv to enable easy adjustment without the remote control

Side Connections

Connections for headphone and other inputs such as camcorder, side entry for ease of use.
