Uncompromised Power, Unbelievable Functions,

The Sharp FO-3800M Platen-Based Multifunction Laser Fax will be an exciting addition to any office looking for increased productivity and maximum efficiency. With full dual access, users enjoy the efficiency of performing two tasks at once. Heading off to a meeting yet need to finish a few things first? Go ahead, send a fax and make a copy at the same time. Or print out your meeting agenda while sending that important fax. For a compact unit that really does have the power to do it all, look no further than the Sharp FO-3800M.

The Power to Deliver

- 2 MB Memory (approx. 120 pages)
- High quality laser output
- Standard letter/legal adjustable 250-sheet paper tray
- Standard 30-sheet automatic document feeder
- Fax, copy or scan right from the glass
- Full dual access to simultaneously perform two functions
- "Scan-Once, Print-Many" digital copying

Feature-Filled Faxing

The Speed You Need

- Fast 14.4 Kbps modem
- 6 seconds per page transmission speed

Automatic Dialing Ease

- 20 Rapid Dials
- 100 Speed Dials
- 20 Group Dials
- 50 Stations for Serial Broadcasting

Quality Image, Every Time

- Standard, Fine/Halftone, and Super Fine modes ensure clear, legible transmissions
- Plain paper convenience lets users quickly file, mark or re-transmit received documents

F.A.S.T. Remote Fax Management System

Sharp's proprietary remote fax management system, F.A.S.T. (Facsimile Automated Service

Technology), automatically connects the FO-3800M to your authorized Sharp dealer to alert for low supplies, and even enables technicians to program functions or diagnose and solve problems right over the fax line.

Fax From the Glass/Book Fax enables users to place a book open on the platen for easy faxing of bound documents.

Unmatched Value.

(A fax machine has never been this exciting.)

Printing Perfection

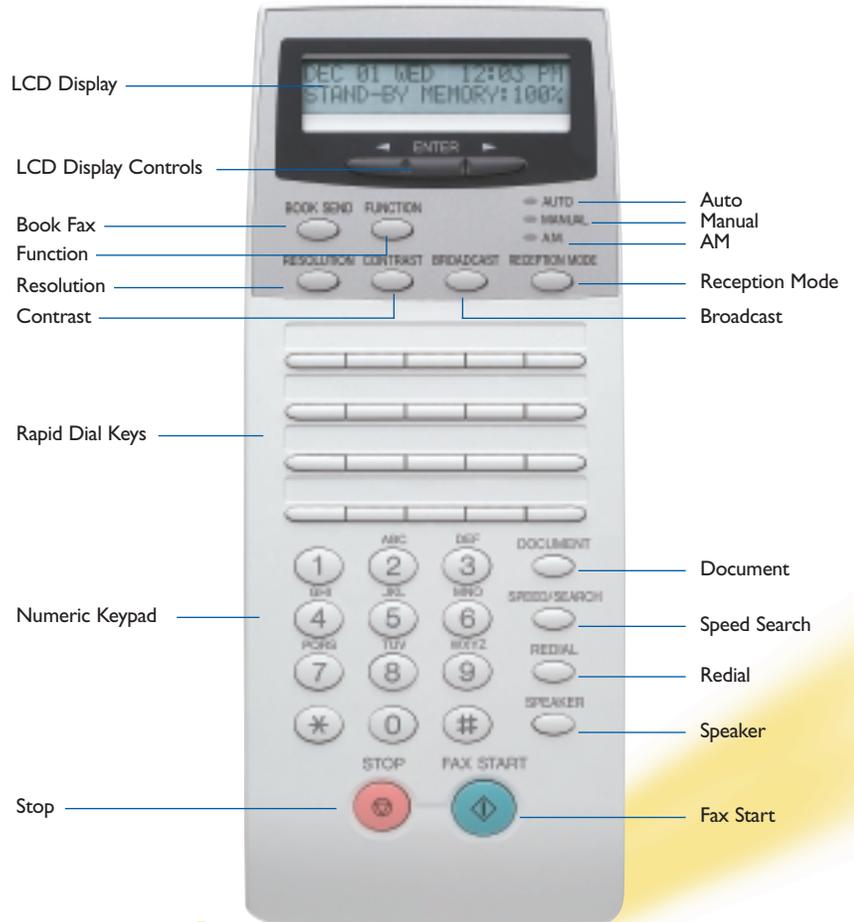

- High-quality 600 dpi laser output
- Fast, 8 page per minute print speed
- 256 halftone levels for crisp, clear output of graphics
- Collated output

Convenient Copying

- "Scan Once, Print Many" quickly increases productivity by digitally scanning your originals in one pass—and giving them right back to you
- Multicopy capability enables users to make up to 99 copies
- Magnification ratios range from 50-200% for automatic reductions or enlargements of document images
- 400 dpi resolution

Swift Scanning

- 400 dpi scanning from feeder or platen
- 4.5 second per page scan speed

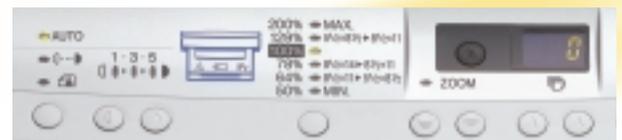

FPO
PCG: watch position of cable between fax unit and laptop.

The FO-3800M is compatible with Windows® 95, 98 and NT and easily hooks up to your computer.

The user-friendly fax control panel provides users with quick access to features.

Copy selections are quick and easy to use.

Building On A Foundation Of "Fax Firsts"

Sharp was the first to place 100,000 fax units domestically, achieving this in 1987, only three years after entering the market. Sales doubled the following year, placing Sharp in the number one position for the second consecutive year. In 1990, Sharp became the first to sell a total of one million facsimile machines, and in 1997, became the first fax company to achieve this sales figure in a single year. Besides being the world's leading fax seller, Sharp was also the first to introduce the innovative desktop color facsimile and the first to feature duplex faxing.

Sharp maintains its leadership status with business customers by offering a full line of office products renowned for their quality and reliability, backed by the most extensive service support in the industry. At Sharp, our goal is to improve people's lives through technology and innovation. We are proud of our ongoing commitment to quality, reliability, and unparalleled customer care, and we will continue to expand our full range of high performance fax products for maximum office productivity.
