The MFC-9000 Series

Digital Color All-in-Ones with Networking

The MFC-9010cn, MFC-9120cn and MFC-9320cw combine outstanding all around office multi-functionality into a single, space-saving device. They produce fast, brilliant color output and include an exhaustive set of powerful features that help increase productivity and improve efficiency.

Their compact footprint, versatile paper handling, and flexible connectivity make these compact and innovative products ideal for small offices or small workgroups.

35-Page Auto Document Feeder

Copy, fax or scan multi-page documents easily (up to legal-size)

Flatbed color scanning and copying

Convenient for walk-up copying and scanning

Fast Print/Copy Speeds

Up to 17ppm in color or black

High-Quality Color Output

Up to 600 x 2400 dpi resolution using Brother's LED print technology

250-Sheet Capacity Paper Tray

Adjustable 250-sheet paper tray with manual feed slot

Ethernet and Hi-Speed USB 2.0 Interfaces

(MFC-9320cw adds wireless)

MFC-9320cw

The features and performance your business needs.

Fast print and copy speeds, with high-quality color and black output.

MFC-9010cN **Digital Color All-in-One with Networking**

The MFC-9010cN offers fast print and copy speeds of up to 17ppm and high-quality output up to 600 x 2400 dpi using Brother's Digital LED print technology. It comes equipped with an adjustable 250-sheet capacity paper tray for letter or legal paper and a single-sheet manual feed slot for printing envelopes and thicker media.

Use the document glass for copying or scanning a single document or the 35-page capacity auto document feeder for effortless handling of multiple pages, up to legal-size.

This all-in-one also provides flexible connectivity with Ethernet and Hi-Speed USB 2.0 interfaces.

MFC-9120cN **Digital Color All-in-One with Fax and Networking**

The MFC-9120cN includes all the features of the MFC-9010cN, plus fax functionality. It has a Super G3 fax modem for fast fax transmission (approx. 2 seconds mono*) with storage for up to 600 pages*. Manually send and receive faxes anytime without the use of a computer or send faxes directly from your computer using the Brother PC Fax software.

Offers valuable fax features such as broadcasting for automatically sending the same fax message to up to 258 fax numbers, delayed transmission and remote fax retrieval.

MFC-9320cw **Digital Color All-in-One with Wireless Networking**

The MFC-9320cw includes all the features of the MFC-9120cN, plus several useful enhancements. The MFC-9320cw has a built-in 802.11b/g wireless interface to connect to your network wirelessly and help reduce the clutter caused by extra cables.

In addition, it has a USB Direct Interface to print from or scan to your USB flash memory drive† or print from a PictBridge-enabled camera.

Advanced features of the MFC-9320cw

Wired and Wireless Networking

Offering maximum connectivity, the MFC-9320cw includes Ethernet and 802.11b/g wireless interfaces. This provides both options and great flexibility for all your users.

For users with wireless networks, setup has never been easier. If your wireless access point supports SecureEasySetup™, AOSS™ or Wi-Fi Protected Setup™, wireless settings can be configured by simply pressing a button on your router.

Connection Possibilities with the MFC-9320cw:

Via Ethernet interface to router or wireless router**

Via access point/router (infrastructure mode)

Via 802.11b/g from wireless-enabled PC or notebook (ad-hoc mode)

USB Direct Interface & PictBridge

USB drive not included.

The built-in USB Direct Interface allows you to easily print from or scan to your USB flash memory drive†. Conveniently located on the front of the machine, it allows quick access for walk-up printing and scanning.

Camera and cable not included.

Additionally, you can print images directly from your PictBridge-enabled camera.

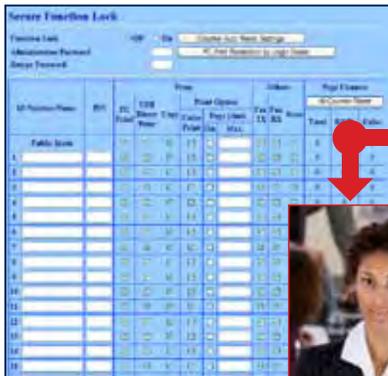

Enhanced "Scan-to" Features (MFC-9120cN and MFC-9320cw)

The MFC-9120cN and MFC-9320cw offer flexible network scanning functions that are great for electronically archiving or sharing your paper-based documents. Without additional software, you can scan documents, whether on your organization's internal network or virtually anywhere in the world.

Secure Function Lock

Walk-up copying, scanning and faxing are all great conveniences. However, if you are handling confidential records and data you may want to limit access to certain functions.

The MFC-9320cw allows an administrator to select the various functions per each user (up to 25 users) via password. These functions include printing, copying, faxing (send & receive), scanning and USB Direct Interface.

Secure Function Lock Screen

Intern Access:
Copy Only

Manager Access:
All Features

Remote Office

Headquarters

FTP Server

Your Document

Internal Network Folder

Scan to FTP allows for permitted local or remote users to easily retrieve and download the stored data from an FTP site. All you need to do is prepare your documents for scanning, select your FTP location and scan. It's just that simple.

The Scan to Network Folder function allows you to scan and save electronic documents directly to an internally shared location on your network for ease of access to information - an efficient way of managing or handling large documents.

Compact footprint, and more...

High-quality color and black output

The MFC-9000 Series can produce high-quality brochures, presentations, and other critical business documents at up to 600 x 2400 dpi resolution using Brother's Digital LED print technology.

Versatile paper handling

These all-in-ones can handle a variety of media types up to legal size using the adjustable, 250-sheet capacity paper tray... or the single-sheet manual feed slot for envelope printing.

Also, use the 35-page capacity automatic document feeder for copying, scanning or faxing multiple pages, up to legal size.

Flatbed copying and scanning

All modes have a document glass for making copies or scanning documents. The flatbed cover has flexible hinges for making copies from bound documents such as magazines, books and reports.

Also, ScanSoft® PaperPort® for Windows® and Presto!® PageManager® for Mac® with OCR software are included.

Easy to replace toner cartridges

A top-loading design makes it easy to install and replace toner cartridges.

Flexible connectivity

Any of these all-in-ones can be installed on an Ethernet network for multiple users to share all their functionality and features. Additionally, all of these devices include a Hi-Speed USB 2.0 interface so they can connect locally to your computer.

MFC-9000 Series High-Quality Color All-in-Ones

These new digital color all-in-ones combine high-quality printing, faxing, copying and scanning into one powerful space-saving device. With fast, brilliant color output, flexible connectivity and versatile paper handling these color all-in-ones are ideal choices for your small office or small workgroup.
