

# Electrolux Dishwashing

## Pot & Pan Washer WT850E

The Electrolux Dishwashing range is produced for customers with the highest conceivable demands for good efficiency, economy and ergonomics for dishwashing operation. The product range comprises glasswashers, undercounter dishwashers, hood type dishwashers, rack type dishwashers, flight type dishwashers and pot and pan washers. The pot and pan washers WT830 and WT850 range is designed for washing containers, baking plates, trays, pots and pans, casseroles, storage boxes and cooking utensils. The product, detailed on this sheet, is a WT 850 front loading model.

506023

### EASY TO INSTALL

- Only one cable for electrical connection.
- External connecting board, protected by a waterproof plastic box.
- Simple service from the front.

### EASY TO CLEAN

- Easier access to the washing chamber thanks to the 180° frontal opening door.
- Smooth surfaces and a wash tank with rounded corners to facilitate cleaning.
- Wash- and rinse-arms easy to remove.
- Pump and tank filters easy to remove.
- Large strainer box above the water surface for frequent cleaning operations.
- Self cleaning cycle.

### EASY TO USE

- Requires limited space for opening thanks to the door divided in 2 parts.
- Finished in top quality materials to aid durability.
- Double skin insulated door for less heat and noise dispersion.
- Lateral washing arms.
- Pre-arrangements for automatic detergent dispenser and for connection to an Energy Management device.
- Available, on request, model pre-arranged for HACCP implementation (both basic as well as integrated system).
- Simple electronic control panel.
- 4 washing programs. One of the programs is continual.
- Atmospheric insulated boiler combined with the rinse booster pump for perfect rinsing performances in terms of sanitation,

energy saving (water temperature always constant during rinsing cycles), independence from the water pressure on the network.

### EASY TO MAINTAIN

- 304 AISI stainless steel front and side panels, wash tank, tank filter and wash and rinse arms.
- Wash- and rinse arms in stainless steel.
- Fault auto-diagnosis system.
- In compliance with the CE requirements.

### EASY ON THE ENVIRONMENT

- Low noise level.
- IPX5 water protection.
- 97% recyclable by weight.
