

WATER POWER

ZANUSSI

Zanussi dishwashers have been designed with innovative technology to give you the best results every time. The fastest range of dishwashers offers a complete choice of Fullsize or Slimline dishwashers to fit every type of kitchen. With a Zanussi by your side life just gets better and better.

STYLISH DESIGN

Zanussi dishwashers have a subtle design with a sleek front, with the flat exterior allowing your dishwasher to blend perfectly into the surrounds of your kitchen.

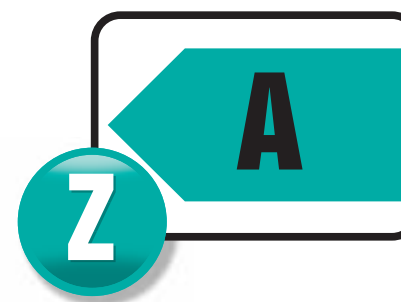

LED DISPLAY

Zanussi LED Time Remaining Indicator shows you the progress of the programme cycle - you can see how quickly the dishes are being cleaned which enables you to enjoy your time doing other things.

QUICK WASH

Wash and dry your dishes in no time with the Zanussi quick wash. It cleans up freshly soiled dishes in just 30 minutes with a 60°C programme delivering an A class wash!

ENERGY & WATER CONSUMPTION

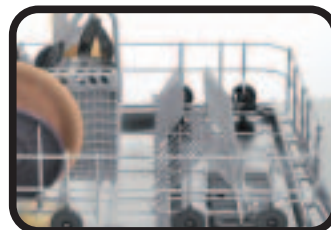

Help the environment and your pocket by saving energy and water. A-rated machines mean Zanussi offers the lowest level of energy consumption coupled with reduced water consumption, proving that every little helps.

SPECIAL FEATURES

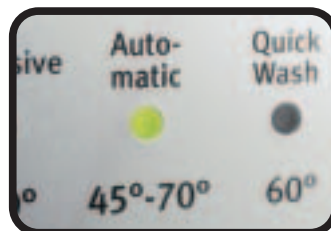

QUICKLIFT

This feature enables you to adjust the height of the upper basket, even when it is fully loaded, so that large items can then be fitted in the lower basket, such as pots and pans.

FOLDABLE RACKS

The racks can be folded which enables ease of use for putting different shapes of plates and dishes in.

AUTO 45° - 70°C

At the touch of a button, Zanussi's unique "AUTO" programme selects the optimum temperature, duration and water use for your load. It covers the biggest range of temperatures allowing the appliance to best serve your needs.

PROGRAMMES AND FUNCTIONS

3-IN-1 The 3-in-1 button adjusts the wash programme to ensure the very best results when using 3-in-1 detergent.

QUICKWASH AT 60°C Delivers an 'A' rated wash performance on a freshly soiled load in just 30 minutes at 60°C.

SALT AND RINSE INDICATORS Lets you know when more Salt or Rinse Aid is required, giving you peace of mind.

PROGRAMME PROCESS INDICATORS (PPI) Shows you what phase the dishwasher is in, i.e. wash, drying or rinse.

INTENSIVE 70°C HOT A programme with high power prewash to really get to grips with hard to clean pots, pans and dishes.

NORMAL 65°C For the standard everyday wash.

AUTOMATIC PROGRAMME Makes this an incredibly easy machine to use. Just press Automatic and go...the machine chooses the best way to wash the load selecting the optimum temperature, duration and water use to ensure high performance with low consumptions.

ECONOMY 50°C A standard programme that saves water and energy.

RINSE & HOLD PROGRAMME Ideal for pre-washing items until the dishwasher is fully loaded.

DELAY START Zanussi features a Delay Start option of up to 19hrs allowing you to wash when it suits you or when lower rate electricity is available.

Other features to help you choose the right dishwasher for you

FULL SIZE DISHWASHERS Offer 12 IEC Place Settings. This ensures that 3 meal times for a family of 4 are catered for daily.

SLIMLINE DISHWASHERS Offer 9 IEC Place Settings. Ideal for the fitting in smaller kitchens.

COMPACT DISHWASHERS These are ideal for the smaller household, or for use in a very small kitchen, or even for sitting on your kitchen worktop, giving you the flexibility you need.

FINISH

The performance of your dishwasher is greatly enhanced by using the correct detergents. Zanussi always recommends Finish, to ensure perfect results first time, every time. Be confident that your appliance not only has state-of-the-art technology, but will give you a totally clean and brilliant wash every time.
