

Electrolux Dishwashing

Undercounter Dishwashers WT30E

The Electrolux Dishwashing range is produced for customers with the highest conceivable demands for good efficiency, economy and ergonomics for dishwashing operation. The product range comprises of glasswashers, undercounter dishwashers, hood type dishwashers, rack type dishwashers, flight type dishwashers and pot and pan washers. The undercounter dishwasher WT30E specified on this sheet has been specifically designed to meet UK water supply authority requirements for direct connection to a water supply and has a capacity of 30 baskets per hour.

EASY TO INSTALL AND MAINTAIN

- The WT30E is supplied to operate from a single phase 6,85 kW electrical supply but can be modified on installation to operate from a three phase supply or even a 13A single phase connection.
- Integral class 'A' air break for direct connection to mains water supply.
- Equipped with drain pump to facilitate installation to drains above floor level
- Efficient non-return valve in water inlet circuit.
- Required only the same space as a conventional domestic dishwasher.
- Simple service from the front.

EASY TO CLEAN

- WT30E has smooth surfaces and a fully pressed wash tank with rounded corners to facilitate cleaning.
- Wash/rinse arms and nozzles in stainless steel.
- Wash/rinse arms and filter easy to remove.
- No pipes inside the washing chamber.
- Self cleaning cycle, easy to activate.
- The external panels are in AISI 304 stainless steel for easier cleaning and hygienic reasons.

EASY TO USE

- Simple control panel, with digital window for wash and rinse temperature.
- Three dishwashing programs, one for lightly soiled tableware, one for normally soiled items and a third program for heavy soiled items.
- Alternative model, WT38 MED, provides a thermal disinfection thanks to the 30 sec. rinsing cycle at 85°C.
- Built-in rinse aid and detergent peristaltic pumps for a perfect rinsing result.
- Times and temperatures can be changed on each cycle for wash and rinse.
- Pre-arrangement for HACCP system implementation and Energy Management device.

Electrolux

**Electrolux Dishwashing
Undercounter Dishwashers WT30E**

- Atmospheric boiler combined with the rinse booster pump for perfect rinsing performances in terms of sanitation, energy saving (water temperature always constant during rinsing cycles), independence from the water pressure on the network. A thermal lock device automatically extends the wash until a temperature of 84°C is reached for rinsing.

CONSTRUCTION FEATURES

- Automatic boiler emptying function.
- Fault auto-diagnosis system.
- Meets the requirement of CE for safety.
- Double skinned construction.
- Counterbalanced door.
- All models finished in top quality materials to aid durability.
- Completely closed on the reverse by a cover plate.

EASY ON THE ENVIRONMENT

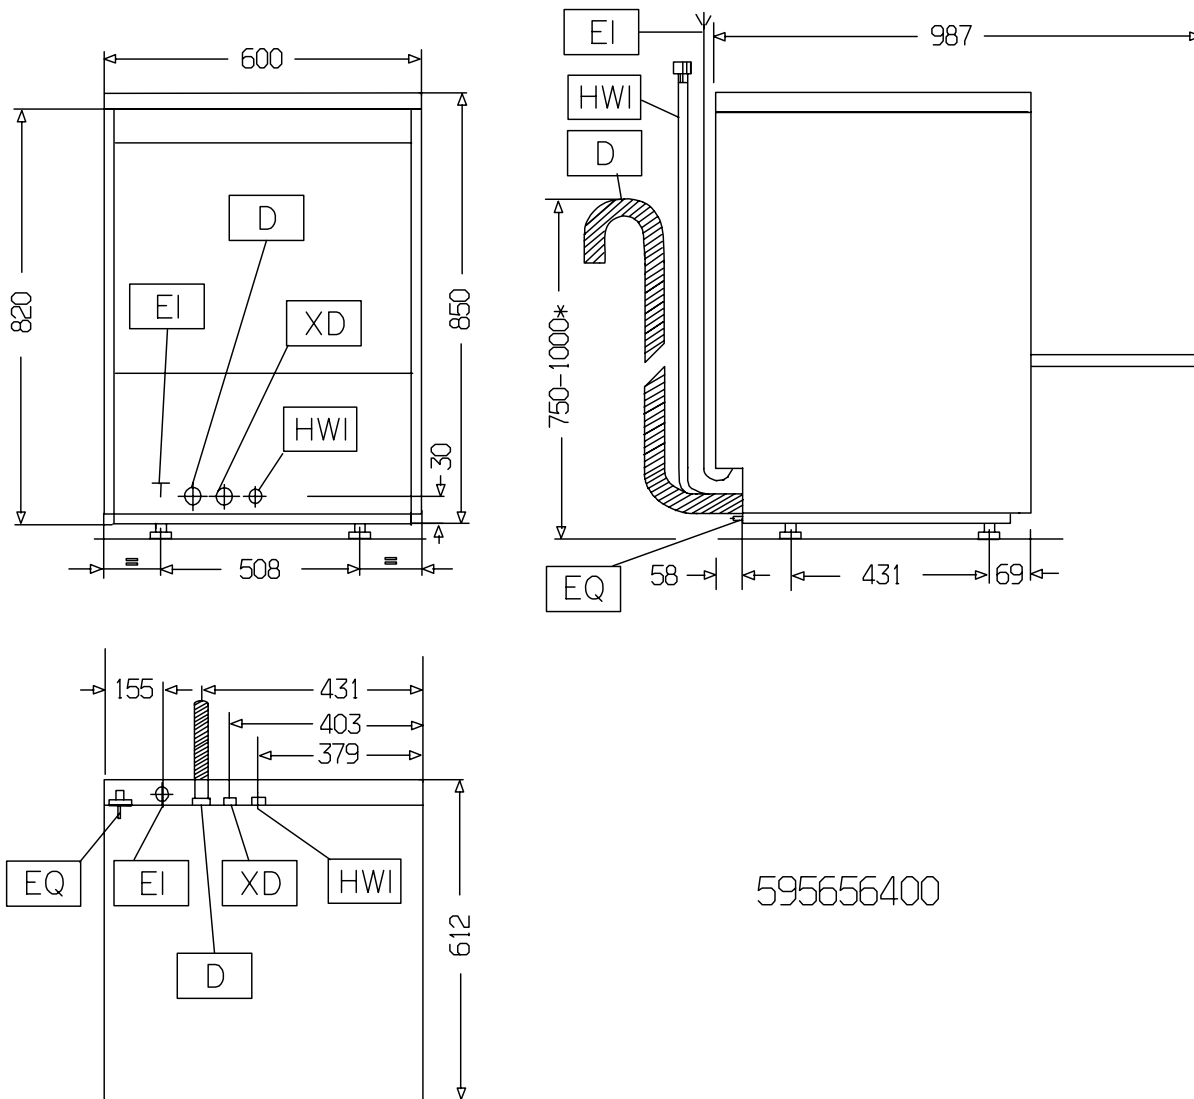

- 98% recyclable by weight.
- CFC free packaging.
- Low noise level <65 dBA.
- Developed and produced in ISO 9001 and ISO 14001 certified factory.
