

FLOORTEC 350 – WHY COMPROMISE

Dust free sweeping of floors and carpet areas

Nilfisk ALTO

Why Compromise

Effective even in narrow spaces

Easy adjusting/changing of main broom, without the use of tools.
Storage space e.g. cans or pencils

FLOORTEC 350 with traction is as standard supplied with, Polyester filter, main broom, side broom, on-board charger and battery.

FLOORTEC 350 walk behind sweepers are ideal solutions for effective dust free sweeping of outdoor spaces as well as indoor floors and carpets thanks to high vacuum and large filter.

Typical applications are service stations, car parks, playgrounds, factories, small warehouses, office buildings, hotels and conference halls.

With their compact, ergonomic design and easy manoeuvrability the handy machine with traction allows you to clean large areas and at the same time get into corners and narrow spaces. That combined with low noise levels provide operators with a pleasant work environment.

Robust design and low maintenance costs are other significant advantages.

The FLOORTEC 350 sweepers keep your premises presentable without hard work.

High productivity

- Sweep floors or carpets with one machine – more work done in less time
- Quick and easy inspection/change of filters and brooms without using tools
- Driver ergonomics, traction and easy manoeuvrability – for optimum work flow
- Traction through the large no-marking wheels for easy operation
- Excellent sweeping performance even on slopes - 20% climbing rate
- Highly efficient manual filter cleaning system

Long life – low maintenance costs

- Rugged and corrosion proof material
- Durable polyethylene construction and rotor molded hopper
- All electrical components are protected with thermal fuses
- Separate electrical side broom motor. No need to change belts - Low maintenance cost

Large capacity

- Extra large hopper capacity for all kind of debris
- Battery running time - over 2 hours
- Direct throw sweeping system for dust free sweeping

Focus on safety

- Automatic power shut-off when emptying the hopper
- Low voltage cut-off system protects and prolongs battery life
- ABS battery container prevents spillage from batteries on floors and carpets

Very compact and easy to transport thanks to the total foldable handle.

The machine is complete with brooms, battery, filter and on-board charger - Ready to use

Flexible in use

- Service stations
- Small warehouses
- Car parks
- Conference halls
- Playgrounds
- Office buildings
- Factories

Value for money

Choose the perfect sweeper for your needs

The FLOORTEC 350 with traction is as standard with on-board charger, battery, polyester filter, main broom and side broom - Ready to use.

Options

- Different main and side brooms – easy adaptation to different tasks
- Paper or polyester filters – polyester filters tolerate wet sweeping
- Non-marking skirts for sensitive floors and carpet sweeping
