

## Sport Bar Hoop Installation Instructions

Model: Wrangler 1992-1995

Part Number: 80019

**Note:** Please read these instructions thoroughly before beginning the installation. After completing the installation, keep this manual for future reference.

### Parts List

- 1 - Cover Assembly
- 3 - Foam Pieces

### Warning:

This product is designed to enhance the appearance of the vehicle and to shield the occupants from ordinary weather conditions. Do not rely in any way on the components of this product to contain occupants within the vehicle, or to protect against injury or death in the event of an accident. This product will not protect the occupants from falling objects. Never operate vehicle in excess of manufacturer's specifications.

**Wear seat belts at all times.**

Read and follow, precisely, all installation instructions provided when installing this product. Failure to do so may result in a poor fit and could place occupants of the vehicle in a potentially dangerous situation.

### Foam Installation

#### Step One

On a flat, clean surface, spread out the fabric assembly. Lay the 36" center foam piece on backing side of sport bar cover. The foam piece runs from one end of the zipper to the other. Remove the protective strip from the back of the foam and press the adhesive strip on the foam to the fabric.

#### Step Two

Determine the right and left leg foam. Line up the slit and the cutout in the foam with the seat belt cutout tab, and cutout in the fabric. Remove the protective strip from the back of the foam and press the adhesive strip on the foam to the fabric.

### Sport Bar Hoop Installation

#### Step One

If a top is on the vehicle, it must be removed before starting this installation. It will be easier to install the Sport Bar Hoop if the hardware and bows are down. Slide the rear bow forward. Unlock the hardware attachment at the windshield and pull the horizontal bar off the pins. Bend the spreader rods and slide the bows forward. Fold the whole assembly back onto the rear of the vehicle.

#### Step Two

Place the fabric and foam assembly over the sport bar and align the holes in the front of the fabric assembly with the Horizontal Support Bars. The zippers should be located on the underside of the sport bar. Start the 11" zippers on the front shoulder 1-2 inches to hold the cover in place.

*Step Three*

Zip the zipper across the center of the sport bar (see Figure 2).

*Step Five*

Close the zipper on the shoulder of the front leg. Attach the hook and loop and zip the bottom of the front leg closed.
