Dimensions

- **Packaging dimensions (W x H x D):** 319 x 354 x 84 mm
- **Set dimensions (W x H x D):** 280 x 52 x 250 mm
- **Set weight:** 2.1 kg
- **Weight incl. Packaging:** 2.9 kg

Power

- **Power consumption:** 36 W
- **Power supply:** 110V, 50Hz
- **Standby power consumption:** < 3

Product highlights

Dual Media

Philips DVD Recorders support 'dual media' recording - the ability to create recordings on DVD+R/RW and DVD-R/RW discs. Now you can buy any disc and the Philips recorder will always create fully compatible recordings, which can be played by any DVD player.

i.LINK digital input

Also known as IEEE 1394 and FireWire, i.Link carries all audio and video signals via a single cable digitally, with no loss in picture and sound quality. With i.Link digital video input, you can copy your home videos in their original digital picture quality.

G-CODE

With the G-CODE system, all you need to do to program your video recorder is entering the G-CODE number - a single code of up to nine digits (but usually less) that is printed next to each TV program in most TV guides.

Easy to use user interface

From a simple timer recording to more advanced editing features, explore all these functions with the greatest ease. With this easy-to-use graphic interface anyone can operate this recorder. The on-screen-menus are logically arranged and easy to understand. Additionally, guiding text is provided where needed.
