- **Recording Modes:** Extended Play (EP), High Quality (HQ), Long Play (LP), Standard Play (SP), Standard Play Plus (SPP), Super Long Play (SLP)
- **Recording system:** PAL

## Product highlights

### DivX Ultra Certified

DivX Ultra combines DivX playback with great features like integrated subtitles, multiple audio languages, multiple tracks and menus into one convenient file format.

### HDMI 1080i

HDMI stands for High Definition Multimedia Interface. It is a direct digital connection that can carry digital HD video as well as digital multi-channel audio. By eliminating the conversion to analogue signals it delivers perfect picture and sound quality, completely free from noise. HDMI is fully backwards-compatible with DVI (Digital Video Interface).

### Integrated Freeview tuner

### On-screen TV guide

There are hundreds of programmes at our disposal each week. Unfortunately, it is never easy to find out what interesting shows are in store. The on-screen TV guide provides a clear and concise list of TV programmes that will be broadcast. It ensures you find what you need quickly and conveniently and allows you to immediately choose the programmes you want to record. There's no easier way to watch TV than with the on-screen TV guide.
