

# TOSHIBA

## Advantage Toshiba

- 32" FST Black® Picture Tube provides a vivid, high-contrast picture
- 3-Line Digital Comb Filter with Vertical Contour Correction provides more accurate processing of RF and composite video signals for a sharper, cleaner picture
- MTS Stereo with dbx provides full broadcast stereo sound quality with access to bi-lingual or secondary audio signals
- Tri-Lingual OSD allows for easy operation for English, Spanish, and French speaking viewers
- ColorStream® Component Video Input provides the ultimate picture quality from interlaced component video signals
- Front Panel A/V Input for easy connection of video games or a camcorder
- Glow Universal Remote also controls most manufacturers' VCRs

## 32A42 Color Television

### Technology and Benefits

#### VIDEO

##### **FST Black® Picture Tube**

High-contrast picture tube provides a bright, sharp viewing experience.

##### **Black Level Expander**

Improves contrast which results in a sharper, more 3-dimensional picture.

##### **Color Temperature Control (Warm, Medium, Cool)**

The viewer can easily adjust white balance to achieve the best picture possible regardless of room lighting.

#### AUDIO

##### **Double Baffle Speaker System**

Provides improved stereo sound reproduction without connecting additional speakers.

##### **Surround Sound**

Allows the consumer to enjoy an enhanced home theater experience without the connection of external speakers.

#### CONVENIENCE

##### **Sleep Timer**

Allows the viewer to set the television to shut off automatically after a preset amount of time.

##### **Power Return**

If the power to the TV is cut off while the set is on, the TV will automatically turn on once power is restored.

##### **Closed Captioning on Mute**

This feature automatically displays captioned information (if available) when the mute button is pressed.
