### Connectivity

- **Video Output - Analog:** Composite CVBS (yellow cinch), S-Video (on Hosiden), SCART
- **Other connections:** Digital audio coaxial out, FM Antenna, DIN connection
- **Headphone:** 3.5 mm
- **Audio Connections:** 3.5mm Line in, Analogue Audio Out (L/R)
- **USB:** USB host

### Convenience

- **Alarms:** CD Alarm, Sleep timer, Radio Alarm, USB alarm
- **Clock:** On main display
- **Display Type:** LCD
- **OSD Languages:** Spanish, French, English, Dutch, German, Italian, Portuguese, Swedish, Russian, Turkish
- **Eco Power Standby:** 1 watt
- **Backlight color:** Blue

### Accessories

- **Included Accessories:** Composite video cable (Y), FM antenna, DIN Cable, World Wide Warranty leaflet
- **AC/DC Adaptor:** Switching power supply
- **Quick start guide:** English, German, Dutch, French, Spanish, Italian
- **Remote control:** 40-key with Lithium batteries
- **User Manual:** 16 languages

### Dimensions

- **Main speaker dimensions (W x H x D):** 160 x 250 x 180 mm
- **Packaging dimensions (W x H x D):** 615 x 515 x 225 mm
- **Set dimensions (W x H x D):** 232 x 85 x 275 mm
- **Subwoofer dimensions (W x H x D):** 160 x 250 x 313 mm
- **Weight incl. Packaging:** 15 kg

### Power

- **Power supply:** 100-240VAC, 50/60Hz

## Product highlights

### USB direct

Simply plug in your USB device on the system and share your stored digital music and photos with your family and friends.

### Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

### Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

### Loudness for bass and treble

In the sound spectrum, high and low frequencies are relatively less audible to human ears - especially at low volumes. By activating the Loudness feature, the bass and treble will be amplified so you can savor a more balanced sound perception overall.

### Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.
