<sup>1</sup> Battery life and number of charge cycles will vary depending on use and settings.

<sup>2</sup> Some DVD-R/DVD-RW and CD-R/CD-RW discs may be incompatible due to laser pick up and disc design. CD-R/CD-RW discs must be recorded using CD-DA method for CD audio playback. This DVD player may not support some MP3/JPEG recordings due to differences in recording formats, disc structure, or condition of the disc (use of CD-RW for MP3 files is not recommended). See owner's manual for more information.
