VRD-VC30

DVPdirect® VC30 Multi-Function DVD Recorder

Introducing the VRD-VC30, Sony's latest video-only DVPdirect recorder. Transfer home video to DVD, quickly and easily – no PC needed. Connect virtually any camcorder, VCR, even Digital Video Recorder (DVR) and record video to DVD in real time. Enhanced connectivity to Sony HDD Handycam® family will record video from HDD to DVD at up to 6X speed and even “span” multiple DVDs if the video exceeds the capacity of a single DVD. Support for advanced camcorder features, including 16:9 and 4:3 aspect ratio and Dolby® Digital 5.1 surround sound. Connect to Windows® Vista™/XP/2000 PC to make DVD copies to share. Connectivity and ease of use make the DVPdirect VC30 a DVD recorder **like no other™!**

Stand-alone features – no PC required!

- Direct, real-time video DVD recording from virtually any camcorder, VCR, or DVRs
- Convenient DVD recording from Sony HDD Handycam® - records all video or just what's new and changed since last DVD burn, at up to 6X speed
- Consolidate multiple mini camcorder DVDs to full size DVD
- Transfer video from Digital Video Recorders (DVR) to DVD
- Support for 16:9 (wide screen) and 4:3 (full screen) aspect ratios
- Dolby Digital 5.1 Surround Sound (requires compatible camcorder)

Computer Attached Operation

- Connect to computer via USB 2.0 for making copies of home video or photo DVDs to share
- Create advanced DVD projects with customized menus, video editing, and more
- Includes award winning Nero® 7 Essentials software suite
