

TOSHIBA

Advantage Toshiba

- 20" set with Full Featured DVD Player and built in VCR for the ultimate in convenience
- Full function 4 Head HiFi Stereo VCR for special effects and optimum audio quality
- FST PURE® Flat tube eliminates unwanted reflections from room light compared to conventional tube designs and increases viewing angle
- Stereo TV with side speakers offers outstanding audio performance
- Auto Repeat feature useful for trade shows or retail applications
- Front Panel AV Inputs for easy connection of video games or a camcorder
- Front Panel Headphone Jack allows for individual listening privacy
- Sleep Timer saves energy and Wake Timer is a convenient alternative to a clock radio
- Coaxial Digital Audio Output offers maximum connectivity

Technology and Benefits

VIDEO

Bi-Lingual Onscreen Display

Allows viewer to read menu in two different languages (English and Spanish) to ensure user-friendly programming.

V-Chip

All Toshiba televisions comply with current V-Chip regulations. Violent or sexually explicit programming can be identified and blocked, prohibiting viewing by young children.

181 Channel Tuner

Provides access to all channels on unscrambled cable systems.

DVD Zoom

Lets user create close-up views of selected areas of the picture.

AUDIO

Stereo TV with side speakers

HiFi stereo provides outstanding sound quality.

CONVENIENCE

Headphone Jack

For a private viewing and listening experience.

One Touch Record

Simplifies setup of timer for recording within a 24-hour period. One button starts record and allows setting of record length.

360 Minute On/Off Timer

Use the on timer as an alarm clock to wake up to your favorite movie. Or have the set turn off automatically when viewing in the evening.

Front A/V Inputs

Allows easy connection of camcorder or video game directly to the front of the set.

1 Month/ 8 Event Programmable Timer

High Speed Rewind/ Fast Forward

Rewind or Forward a standard T-120 tape in only 60 seconds.

Auto Play

Tape/DVD Play automatically begins when a pre-recorded tape or DVD is placed in the machine.

Auto Repeat

Pre-recorded tape will rewind or DVD will restart and begin play after initial play is complete.

Digital Auto Tracking

Constantly adjusts tape alignment for optimum picture quality.

Auto Clock Set

A convenience feature that automatically sets the proper time on the unit's internal clock.
