

# TOSHIBA

## Advantage Toshiba

- 24" set with Full Featured DVD Player and built in VCR for the ultimate in convenience
- Full Function 4 Head HiFi Stereo VCR for special effects and optimum audio quality
- FST PURE® Flat tube with digital comb filter tube eliminates unwanted reflections from room light compared to conventional tube designs and increases viewing angle
- Stereo TV with side speakers offers outstanding audio performance
- Auto Repeat feature useful for trade shows or retail applications
- Front Panel AV Inputs for easy connection of video games or a camcorder
- Front Panel Headphone Jack allows for individual listening privacy
- Sleep Timer saves energy and Wake Timer is a convenient alternative to a clock radio
- Coaxial Digital Audio Output offers maximum connectivity

Combination Television/VCR/DVD

## Technology and Benefits

### VIDEO

#### Bi-Lingual Onscreen Display

Allows viewer to read menu in two different languages (English and Spanish) to ensure user-friendly programming.

#### Front Game Switch

Easily switch between TV and front inputs.

#### V-Chip

All Toshiba televisions comply with current V-Chip regulations. Violent or sexually explicit programming can be identified and blocked, prohibiting viewing by young children.

#### 181 Channel Tuner

Provides access to all channels on unscrambled cable systems.

#### DVD Zoom

This key feature allows full screen viewing of letterbox movies.

### AUDIO

#### Stereo TV with side speakers

HiFi stereo provides outstanding sound quality.

### CONVENIENCE

#### Headphone Jack

For a private viewing and listening experience.

#### One Touch Record

Simplifies setup of timer for recording within a 24-hour period. One button starts record and allows setting of record length.

#### 360 Minute On/Off Timer

Use the on timer as an alarm clock to wake up to your favorite movie. Or have the set turn off automatically when viewing in the evening.

#### Front A/V Inputs

Allows easy connection of camcorder or video game directly to the front of the set.

#### 1 Month/ 8 Event Programmable Timer

#### High Speed Rewind/ Fast Forward

Rewind or Forward a standard T-120 tape in only 60 seconds.

#### Auto Play

Tape/DVD Play automatically begins when a pre-recorded tape or DVD is placed in the machine.

#### Auto Repeat

Pre-Recorded tape will rewind or DVD will restart and begin play after initial play is complete.

#### Digital Auto Tracking

Constantly adjusts tape alignment for optimum picture quality.

#### Auto Clock Set

A convenience feature that automatically sets the proper time on the unit's internal clock.
