- Tuner: Hyperband, UHF, VHF
- Tuning - Presets: PLL, CH entry, 99 presets
- TV Related Functions: 16:9 (pin 8), Direct Record, Follow TV, NexTVView Link (Rel 1.3)
- Time/Date Download: PDC (Time/Date), Text (Time)

User Interface

- Record Speed: Long Play, Standard Play
- Record Speed Selection: Auto LP, Per Menu
- Picture Improvement System: Digital Studio Picture Control, SMART Picture
- Audio Recording Level: Automatic
- Special Features: Auto Standby, Channel Name Display

On Tape Standard

- Additional Playback Standard: NTSC Playback on PAL TV

Remote Control Unit

- Remote Control - Type Number: RT227/111
- Remote Control - Codes: VCR1, TV Commands

Connectors Rear

- EXT1: Black, Euro CVBS in/out
- EXT2: Black, Euro CVBS in, Euro Decoder
- Rear Audio Connector: Cinch stereo out
- Terrestrial Antenna In/Out: 75 Ohms (IEC type)

Connectors Front

- Front A/V Connectors: Cinch CVBS in, Cinch stereo in

Tape Deck

- Number of Video / FM Audio / Flying Erase Heads: 4 / 2 / 0
- Play: +1, Repeat
- Still Features: Perfect
- Index Related Functions: Next/Prev. index search
- Head Cleaning: Automatic, Dirty Head Warning
- Tape Length Recognition: Automatic
- Tape Counter: Linear Relative (h.m.s), Tape Position Indicator, Time Left (h.m)
- Winding / Rewinding Time (E180): 75 sec.

Programming

- Number of Events: 8/year
- Special Timer Programming: Turbo Timer
- Record Link: SCART 2

General

- Voltage: 198 - 264 V
- Frequency: 50Hz
- Backup Presets: 1yr
- Backup Clock - Calendar - Timer Event: 1mn
- Power Consumption SB in Watts: <4
- Set Size - W x D x H in mm: 435 x 223 x 98
- Equipment Supplied: Aerial Cable, Batteries for RC

Product Highlights

• SMART Picture

With SMART picture, you can adapt the picture to your own preference. You can, for example, enhance the contours on a cartoon or suppress the noise from a rental tape.

SMART picture offers you the possibility to play your tapes the way you like to see them.

• New Turbo Drive deck

The new Turbo Drive deck offers:

- Speed
75-second ultra-fast rewind speed.
- Reliability

To guarantee an optimum playback reliability, a Dirty Head Warning system will automatically detect when the use of a cleaning tape is necessary and display a message. This comes in addition to the Automatic Head Cleaning which has equipped the Philips' Turbo Drive decks over the past years.

• Intelligence

The Tape Position Indicator, in wind and re-wind situations, displays the accurate position of the tape on the TV screen and indicates progress by means of a moving/blinking arrow. At any time, you can follow the tape movement on the TV screen.

• Easy Link

Easy Link offers maximum convenience when it comes to installing a VCR. There's no need to wait endlessly for the tuning of all channels or to spend time re-sorting the presets in the right order. You just connect both VCR and TV with a Scart cable and plug the mains. That's all! Moreover, features like Automatic On/Off switching of the TV when the VCR is used, Direct Record and automatic 16x9 switching make the daily life of the VCR user much easier.

• Digital Set Top Box Control

This feature offers the possibility to programme the VCR to record a programme from a Satellite receiver

When the Timer becomes active, the VCR switches the Set Top Box „On“ by means of a small device (that we affectionately call a „Sat Mouse“) put on the Satellite receiver. The correct channel is automatically selected and the recording starts. When the recording is over, both Set Top Box and VCR are automatically switched back to Stand-By.

• Turbo Timer

Is Timer programming complicated? No!

Is Timer programming time consuming? No!

Just press the Turbo Timer button on the remote control, select the TV channel you want to record, set the start and the end time. That's it. All it takes is only a few seconds.
