## Music more to your style

(LK-270 / 230, WK-500 / 210, CTK-5000 / 4000 / 3000 / 2100, CDP-200R)

### Improved sound quality and keyboard feel

- AHL\* sound source** generates high quality grand piano and other acoustic instrument tones.
  - \*Acoustic & Highly-compressed Large-waveform
- Piano-style keyboard**

### Powerful lesson functions guide you along the way to music proficiency

**Step Up Lesson** for phrase-by-phrase practice of songs

Example song: Annie Laurie

**STEP UP LESSON**  
LISTEN WATCH REMEMBER NEXT AUTO

**Phrase-by-phrase lesson**  
1 LISTEN: Memorize phrases by listening to the examples as you watch the keyboard keys light.  
2 WATCH: Viewing the on-screen guidance and the key lighting, master the phrase by playing it on the keyboard.  
3 REMEMBER: Play the notes from memory.

**AUTO**  
You can configure the keyboard to advance through the lesson automatically, complete with scoring and review.

**Scoring system and Voice Fingering Guide**  
**Recorder and metronome features for lesson support**  
**Song Bank** tunes including Exercise phrases

### Functions and Features

\* Functions and features depend on the model.

### Entertainment features!

- Sampling function

**Sampling with a Microphone**

**Sampling with a Portable Audio Player**

**Playing Sampled Sounds**

Play sampled sounds on the keyboard!  
Use a sampled sound as a rhythm pattern drum sound!

**Voice Pad\***  
\*LK-230, WK-210, CTK-2100

### Audio In jack ● Music Challenge

**Play music from around the world**

- A wide selection of musical instrument tones support play of songs from various genres.
- Rhythms and Auto Accompaniments for Latin music and other styles from around the world
- Pitch bend wheel: WK-500, CTK-5000 / 3000, CDP-200R
- Scale function lets you easily change the keyboard scale (temperament) and play oriental, old classical, and other types of music.
- Scale Editor (Preset Scale and Scale Memory): WK-500, CTK-5000, CDP-200R
- Preset Scale: LK-270, WK-210, CTK-4000
- Music Preset for quick and simple setups for specific songs: LK-270, WK-500 / 210, CTK-5000 / 4000, CDP-200R
- USB port for easy connection to a computer

\* Supported operating systems: Windows® XP Home Edition (SP2 or later), Windows® XP Professional (SP2 or later, 32-bit), Windows Vista® (32-bit), Mac OS® X (10.3.9, 10.4.11 or later, 10.5.2 or later)

Powerful functions provide more ways to enjoy music!

## FUNCTION MARKS

	<b>Key Lighting System</b> Keyboard keys light when they must be pressed, guiding beginners and those who cannot read music to musical proficiency.		<b>MIDI Compatibility</b>		<b>Built-in Tunes</b>
	<b>AIF* Sound Source</b> Precision, large-volume sampling of waveform data combines with the latest in waveform processing technology to produce natural, amazingly realistic grand piano and other acoustic musical instrument sounds.		<b>General MIDI</b>		<b>Song Expansion (User Tune)*4</b> 320 KB
	<b>AHL* Sound Source</b> The latest in digital technology makes it possible to reproduce amazingly real grand piano and acoustic musical instrument sounds.		<b>USB Port*1</b>		<b>Lesson Function</b>
	<b>ZPI* Sound Source</b> Optimized data compression and a polynomial interpolation based waveform playback process combine to produce amazingly clear and realistic sounds.		<b>SD Memory Card Support*2</b>		<b>Synthesizer Function</b>
	<b>HL* Sound Source</b> Advanced compression techniques make it possible to record high volumes of waveform data and recreate the timbres of various instruments, including the grand piano.		<b>Keyboard</b> full mini micro mini		<b>Recording (Recorder / Song Memory)</b>
	<b>Linear Morphing System</b> Smoother and more natural transitions between notes provides grand piano level rich differences between notes played with extremely light key pressure and notes played with strong pressure.		<b>Registration</b>		<b>Pitch Bend Wheel</b>
	<b>Tri-element System</b> Three separate samples of a grand piano are employed for strong, light, and medium keyboard pressure. The result is an amazing range of expression for a digital piano.		<b>One Touch Preset</b>		<b>Microphone Jack</b>
	<b>Dual-element System</b> Stereo sampled piano timbres include separate samples for strong keyboard pressure and light keyboard pressure.		<b>2-Way Bass-Reflex Speaker System</b>		
	<b>Tri-sensor Scaled Hammer Action Keyboard</b> True and smooth grand piano level key action is reproduced using the actual weight of the hammer, without relying at all on springs. Keys respond instantly to the lightest pressure, which allows high-speed play of successive notes.				
	<b>Scaled Hammer Action Keyboard</b> The keyboard plays heavier for low notes and lighter for high notes, for key touch that is virtually identical to that of a grand piano.				
	<b>Acoustic Resonance System</b> Reproduces the resonant effect of a grand piano damper pedal.				
	<b>Sampling Function</b> You can sample a sound, assign it to the keyboard, and play it as notes. You can even add vibrato and other effects.				

\*1 USB cable not included.  
\*2 Supported SD memory card capacities: 2 GB or less (LK-270, WK-500, CTK-5000 / 810N, PX-830R / 830W / 330X, AP-620N / 420N, CDP-200R), 1 GB or less (LK-300R, WK-3800 / 3300, PX-410R) \*3 SD memory card not included.  
\*3 \*Value + Value\* indicates the number of built-in items (on the left) plus the number of user items.  
\*4 The value within the icon shows the maximum number of songs that can be stored in keyboard memory.  
The value below the icon shows the maximum total memory capacity for song storage.  
\* For details about SD Memory Card Slot, operation systems supported by the USB driver and application software, and Song Expansion, visit the CASIO website at: <http://world.casio.com/>.  
\* Capacity values are based on 1 MB = 1,024 KB, and 1 KB = 1,024 bytes.
