ACCORDION DELIGHT WHITE

EXCLUSIVE ACCORDIONS

Enjoy the amazing elegance of the new FR-2/FR-2b white accordions! Both the two models are provided with a special white coloured cabinet.

LIGHT - WEIGHT CHAMPION

Lightweight and flexible, the FR-2/FR-2b stands out for its **portability**. Whether you are a student or a professional musician, at home or on stage, your back will definitely thank FR-2/FR-2b!

YOU'VE GOT THE POWER

Instead of included AC adapter, more than **5 hours** of battery life (sold separately) set you free in any situation. In case you run out of power, any **8 AA type rechargeable batteries** (the most common to find) will do the job.

PAD FUNCTION

Switch to PAD FUNCTION and the 5x PADS (above the Bass Registers buttons) become a powerful tool - now you can add **percussion sounds** to your bassline and Chord, or use them as drumpads, and even record and play a rhythm on the fly in the Loop Playback Mode.
