## KE-32TS2

Plasma WEGA™ Integrated Plasma Television

### KEY TECHNOLOGY

**All-in-One Design** This unique flat panel television provides a complete plug and play solution. Once you take it out of the box, you can have the unit up and running in minutes. The unit features a NTSC tuner, stereo speakers and table top pedestal.

**Digital Pixel Generator™ System** Sony-unique digital signal processing technology that transmits and processes all signals digitally. Maximizes display performance of high-end video sources for natural, rich image reproduction especially high-definition sources.

**Pixel by Pixel I/P Conversion** This interlace to progressive technology constructs a film or video scene one pixel at a time for fluid, life-like motion along with breathtaking image detail.

**CineMotion™ Reverse 3-2 PullDown Technology** Minimizes motion artifacts and optimizes film-based content from any video input for the purest reproduction of film originated sources.

**TruSurround™ SRS® Audio Processing** Eliminates the need to sit in the "sweet spot." Generates the life-like sound of rear speakers using only the stereo pair built into the television cabinet.

### ADDITIONAL FEATURES

#### Specifications

##### Inputs and Outputs

- DVI HDTV Interface
- Composite Video Input x 2
- S-Video Input x 2
- RF Input x 1
- HD Component Video Input (Y/P<sub>b</sub>/P<sub>r</sub>) x 1
- HD Component Video Input (Y/P<sub>b</sub>/P<sub>r</sub>) with RGB/HV x 1
- Audio Output x 1
- Subwoofer Output x 1
- Control S In x 1
- Control S Out x 1

- Headphone Jack x 1 (Front)

##### General

- Power Requirements: AC120V, 60Hz
- Power Consumption (Standby): 1.7W (32")/2.0W (42")
- Power Consumption (in Operation): 270W (32")/360W (42")

#### Accessories

##### Supplied Accessories

- Instruction Manual
- Remote Control
- AA Batteries (2)

##### Optional Accessories

- A/V Stand: SU-TS1
- Wall Bracket: WB-PW2

#### Weights & Measures
