SERIES **5** PLASMA TV

50" Widescreen Plasma HDTV with Full HD 1080p Resolution

HD excitement comes to life with Samsung's 50-inch plasma HDTV. Images and colors are crisp and bold, thanks to full 1080p resolution, 1,000,000:1 dynamic contrast ratio, and Ultra FilterBright™ glare-reduction technology. Groundbreaking 3D capabilities future-proofs your TV for upcoming 3D content. Select Game mode with the touch of a button for advanced video-game action; the ACE silhouette editor eliminates visual "noise" from the deepest dark tones. SRS TruSurround XT™ offers natural, lifelike HD sound. Connect all your peripherals with ease, courtesy of 3 HDMI inputs. Hook up your MP3 player or digital camera via the WiseLink USB 2.0 connection; a versatile user interface lets you scroll through playlists and pictures.

TV/Video

- Ultra FilterBright™ anti-glare technology
- ACE silhouette editor
- 1,000,000:1 dynamic contrast ratio
- Powerful anti-burn-in technology
- 100,000 hour panel life

SERIES **5** PLASMA TV

50" Widescreen Plasma HDTV with Full HD 1080p Resolution

Specifications

Ultra FilterBright™ anti-glare technology

ACE Silhouette editor (false contour reduction) delivers clear images without contour lines.

1,000,000:1 dynamic contrast ratio. Two of the most important factors in overall picture quality, contrast and brightness, achieve new heights in these latest generation plasma panels. Together with the DNIe proprietary circuitry, Samsung's new plasma TV's give the most stunning realistic picture quality ever from a flat panel set.

1920 horizontal x 1080 vertical pixel resolution presents video and text with outstanding clarity and resolution.

100,000 hour panel life. Samsung's new panels are made to last longer, so you can be confident that the high picture quality will endure.

175° (H/V) viewing angle

Anti Burn-in Technology

- Auto pixel shift (user programmable)
- Signal pattern processing function
- All White

Built-in HDTV tuner (ATSC/NTSC) with Clear QAM

DNIe™ The Samsung Digital Natural Image engine. This exclusive Samsung technology dramatically improves the picture by enhancing the contrast, detail, white balance and reduces noise.

10-watts per channel built-in audio amplifier. Powerful built-in amplifier to drive the integrated stereo speakers.

Direct down-firing speakers

SRS TruSurround XT™. TruSurround is a patented SRS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through the two-speaker internal playback system.

Natural true color. Samsung Plasma TV can display Natural True Color with 18 bit processing. And new algorithm adjusting color balance will let you enjoy the 'As-is color'

Entertainment Mode allows customized picture settings, optimized for different content (e.g., sports, movies, gaming).

3D HD ready capable of displaying future 3D games, movies and other programming via 3D compatible glasses and hardware.

Universal Anynet Plus (HDMI-CEC) allows peripheral devices such as a DVD player to be controlled by TV remote control.

Side A/V ports provides easy connections so you can connect a camcorder, digital camera, or any other digital device with no hassles.

V-Chip system¹ allows blocking of rated TV and movie programs determined by the parent to contain objectionable content.

Power saving (off/high/middle/low)

Trilingual on-screen displays in English, Spanish or French.

Favorite channel list
