**USER'S GUIDE**

# LCD TV Safety Warnings

## **Damage**

Never use your TV if it is damaged in any way. Always place your TV on a flat level surface avoiding anywhere which may be subject to strong vibration.

## **Weather**

It is advisable to unplug the aerial during an electrical storm.

## **Temperature**

Avoid extremes of temperature, either hot or cold, place your TV well away from heat sources such as radiators or gas/electric fires.

## **Naked Flames**

Naked flames such as candles and night lights should not be placed on or near your TV.

## **Ornaments**

Vases and other water containers or lamps should not be put on top of your TV set.

## **Moisture**

Do not allow your TV to be exposed to rain, moisture, dust. If any liquid is spilt into your TV it can cause serious damage. If you spill any liquid into your TV unplug the power cord immediately. Contact your store.

## **Ventilation**

The TV must be well ventilated. Do not cover your TV or place it inside a small confined space. Make sure that there is a gap of at least 10cm on both sides and 20 cms at the top.

## **Interference**

Do not place your TV on or near appliances which may cause electromagnetic interference (TV or Hi-Fi speakers). If you do, it may adversely affect the working of the unit, and cause a distorted picture or sound.

## **Batteries**

Batteries are easily swallowed by young children. Do not allow young children to play with the remote control unit.

## **Covers**

Do not remove any fixed covers as this may expose dangerous voltages.

## **Standby**

The power button on the remote control doesn't switch off the TV completely and the TV will continue to draw electricity from the mains supply. Therefore in the interests of safety and to avoid unnecessary energy consumption, never leave your TV in standby while unattended for long periods of time, eg. while on holiday. We recommend that you unplug at the mains power supply.

## **Power Cord**

Make sure your TV or TV stand is not resting on top of the power cord, as the weight of the TV may damage the cord and create a safety hazard.

**Packaging**

If you can store the packaging it will prove useful should you need to transport the TV to protect it while it is in transit. Try to reuse packaging wherever you can. If you cannot store it, contact your local authority for details of your nearest recycling facilities.

**Installation**

We strongly recommend that this product is installed by qualified personnel with enough skill and competence. The seller cannot assume liabilities for damage caused by mistake in installation, mounting, misuse or modification.

This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed at the end of its life separately from your household waste. There are separate collection systems for recycling in the EU. For more information, please contact the local authority or your retailer where you purchased the product.

The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

The apparatus shall be connected to a MAINS socket outlet with a protective earthing connection.

The MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

# ACCESSORIES

## ACCESSORIES

Thank you for purchasing this LCD-TV.  
This LCD-TV package comes with:

- User's Guide book
- Remote control
- Battery AAA x 2
- Adapter
- Power Cord/External Power Supply
- Warranty Card x 1

## OPTIONAL ACCESSORIES

You can purchase these optional accessories for your LCD TV:

- HDMI Cable
- AV Cable
- SCART Cable
- VGA Cable
- Audio Cable

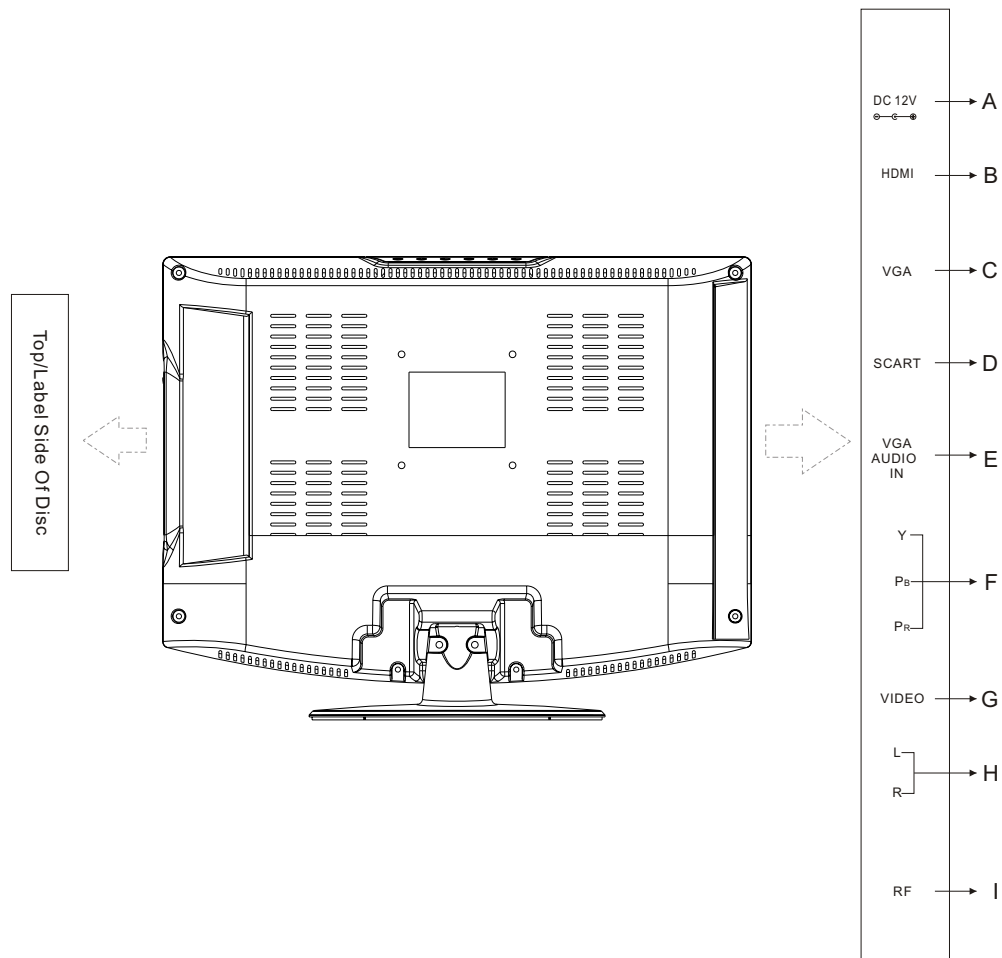

Please save your packaging as you will need this in the event of warranty/service repair or support. We are unable to carry out warranty/service if you are unable to package it correctly. The safest way to package your item in the event of warranty/service repair is in its original box/packaging.

# DVD Operation

## Basic operation

### 1. Turn ON and OFF the DVD function

- Turn on the LCD TV and then press **INPUT** repeatedly to select DVD mode.

### 2. Insert Disc to DVD

- Insert the Disc to the Disc slot (printed side of the disc has to face towards front of the unit), the player will load the disc automatically. There will have an on screen indication "**CLOSE**" then "**READ**". After loading the disc content, it will switch to play mode automatically. If the disc is already placed inside, the disc will be read automatically.

**NOTE:** - For some discs, after loading the content of the disc, need to press **▶||** or select from the disc menu to start.  
- Please make sure when inserting the Disc, the printed side of the disc should be facing you. When inserting the Disc incorrectly, you may damage the DVD mechanism.

### 3. Play the DVD

- According to the disc content, the disc menu will display for your selection. When playing the disc, you may use **▶||** button to toggle between Play and Pause mode. This product also supports Menu, Title, Sequential and Program playback.

### 4. Menu playback (for DVD/ super VCD and VCD 2.0 discs)

- Press DVD button
  - For DVD discs, the screen will display the DVD Disc Menu (Root Menu)
  - For Super VCD & VCD2.0 discs, the screen will display the Super VCD, VCD2.0 Disc Menu (PBC: [OFF]) (Press the DVD button to display the PBC status).
  - Playback the Super VCD & VCD2.0 discs, the default PBC status is ON.
- For DVD discs, use the navigation buttons to select and Play the highlighted contents; For Super VCD & VCD2.0 discs, use the numeric buttons to play your favorite content directly.  
**NOTE:** PBC should be OFF.
- Press **OK** or **▶||** button to start from the highlighted content.
- Return to the Root Menu when playing the disc
  - For DVD discs, press DVD button to display the Disc Menu.
  - For Super VCD & VCD2.0 discs, when PBC is ON, press DVD button to display the Disc Menu.
- STOP
  - Press **■** button once to stop. Press **▶||** button to resume from where you stopped.
  - Press **■** button Twice to stop. Press **▶||** button to start from beginning.  
In order to protect the disc, press **■** button then press EJECT button to take the disc out. When the disc is ejected, hold the disc edge slightly and take it from the eject direction to prevent scratches.
  - When not using the DVD function (in stand-by mode or using others modes for a long time), please take out the disc to protect the DVD loader and the disc.

### SYSTEM SETUP

#### TV SYSTEM

This menu enables you to set the picture format for your TV/DVD.

##### NTSC

This format is used by some other countries, e.g. USA

##### PAL

This is the format used in the UK and the default setting.

##### AUTO

This format can be used if your TV/DVD is capable of both PAL and NTSC formats.

#### MEMORY

- Press ▶ button to enter and then choose **ON/OFF**.
- Press **OK** button to confirm.

#### TV TYPE

##### 4:3LB (Normal)

Normal Letter Box will show the DVD in its original aspect ratio so depending on the size of your television screen, you may see black borders above and below the picture.

##### 16:9 (Wide)

Choose this setting if you have a widescreen television.

#### NOTE:

- Playback screen size may vary according to the discs contents.
- For discs with 4:3 contents, using any mode would only display a 4:3 screen
- Screen ratio selection should be according to the connected TV / Display aspect ratio.

#### PASSWORD

- The default setting is locked. No Rating selection or change password could be done. To edit the Rating setting, please enter default password "0000" by numeric buttons, then press **OK** button to confirm.
- To change password, input any 4 digit number when the lock is unlocked. Once the 4 digit number is entered, that will be your new password.

#### RATING

- Playback for some discs with rating, you can select the rating setting according to your preference. Rating restriction divided in eight different category from KID SAFE to ADULT.

NOTE: Only editable when password is unlocked. And only can function when password is locked. It does not, however, reset either the Password or the Rating setting.

#### DEFAULT

- Press **OK** button to restore factory default.
- Press **SETUP** button to enter the DVD OSD menu.

## LANGUAGE SETUP

#### OSD Language

# SAFETY PRECAUTIONS

This LCD TV is manufactured and tested to ensure the user's safety. Improper use or installation may result in danger to the LCD TV as well as to the user. Carefully adhere to the following warnings and keep this user guide to hand for future reference.

## WARNINGS

- This LCD TV should be operated only at the correct power sources indicated in the label. If you're unsure of the power supply in your residence, consult your local dealer or service center.
- Do not try to repair the LCD TV yourself as it contains no user-serviceable parts. The LCD TV should only be repaired by a qualified technician.
- Do not remove the LCD TV cabinet. There are high-voltage parts inside that may cause electric shock. Even when the power cord is disconnected.
- Stop using the LCD TV if the cabinet is damaged. Have it checked by a service technician.
- Put your LCD TV only in a clean, dry environment. Unplug the LCD TV immediately if gets wet and consult your service technician.
- Always unplug the LCD TV before cleaning it. Clean the cabinet with a clean, dry cloth. Apply non-ammonia based cleaner onto the cloth, not directly onto the glass screen.
- Keep the LCD TV away from magnetic objects, motors, TV sets, and transformer.
- Do not place heavy objects on the cable or power cord.
- For PLUG CABLE EQUIPMENT, the Socket-outlet shall be installed near the equipment and shall be easily accessible.

# CARE AND MAINTENANCE

## Care

- Avoid exposing your LCD TV directly to sunlight or other heat source.
- Place your LCD TV away from the sun to reduce glare.
- Put your LCD TV in a well ventilated area. Do not place anything heavy on top of your LCD TV.
- Make certain your LCD TV is installed in a clean and moisture-free area.
- Keep your LCD TV away from magnets, motors, transformers, speakers, and other TV sets.

## Safety Tips

- In the event of smoke, abnormal noise or odor coming from your LCD TV, remove the power cord immediately and consult your service center.
- CAUTION- Never remove the rear cover of your LCD TV cabinet.
- Never try to repair your LCD TV yourself. Always call your service center or a qualified technician to carry out repairs.

# TROUBLESHOOTING

## No power

- Make sure A/C power cord is securely connected.
- Plug another electrical device into the power outlet to verify that the outlet is supplying proper voltage.

## Power on but no screen image

- Make sure the video cable supplied with the TV is tightly secured to the video output port on back of video source (DVD,VCR) If not, tightly secure it.
- Adjust brightness.
- Make sure all signal cables are installed.

## Wrong or abnormal colors

- If any colors (red,green,blue) are missing, check the video cable to make sure it is securely connected. Loose or broken pins in the cable connector could cause an improper connection.
- Connect the TV unit to another video source or use another TVs to make sure the video source was not causing the problem.

## Pixel Guarantee

- The pixel guarantee applicable for this device is ISO 134062 Class 2 Standard.

## Accessories Guarantee

- Accessories are not guaranteed.
