### **USER'S GUIDE**

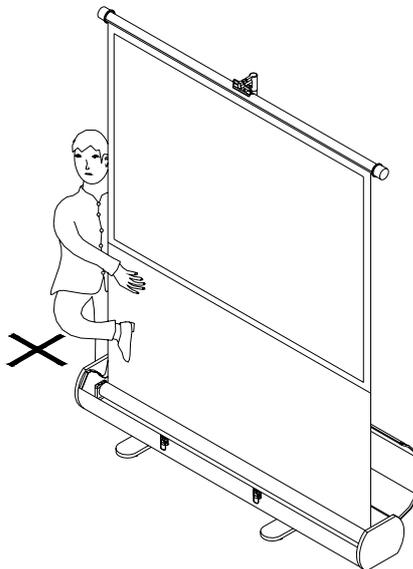

### **Precautions:**

 Warning! Physical injuries can result from operation errors and damage to the screen if the following precautions are not taken seriously.

 Do not place screen near or beside a fireplace or high temperature objects such as a gas stove to avoid damage to the screen or prevent a fire.

 Place the screen beyond the reach of children.

**NOTE:**

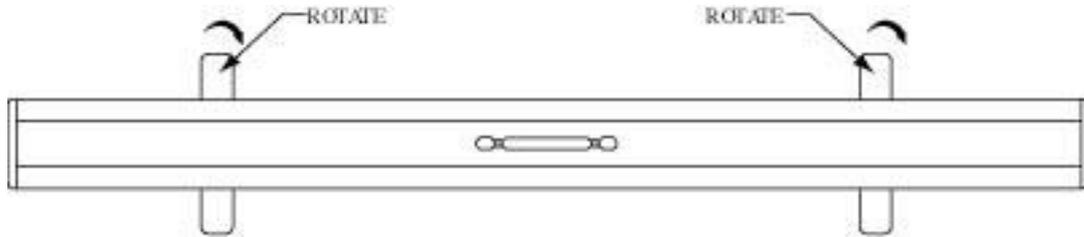

**Installation**

The screen should be installed in an area free of very strong wind

and away from any fire activity such as a fireworks display.

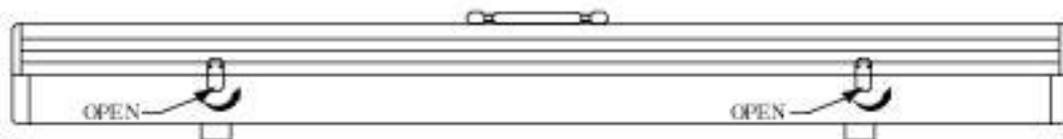

**1. Extending base feet:**

Locate the base feet on the bottom of the box cover of each end and rotate the footboard until it forms a right angle between the footboard and the cover box.

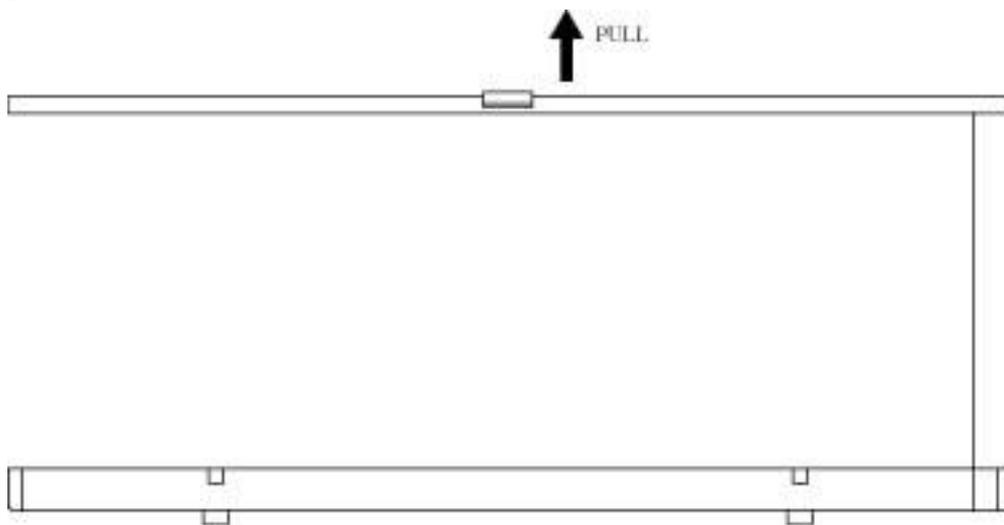

**2. Open the box cover:**

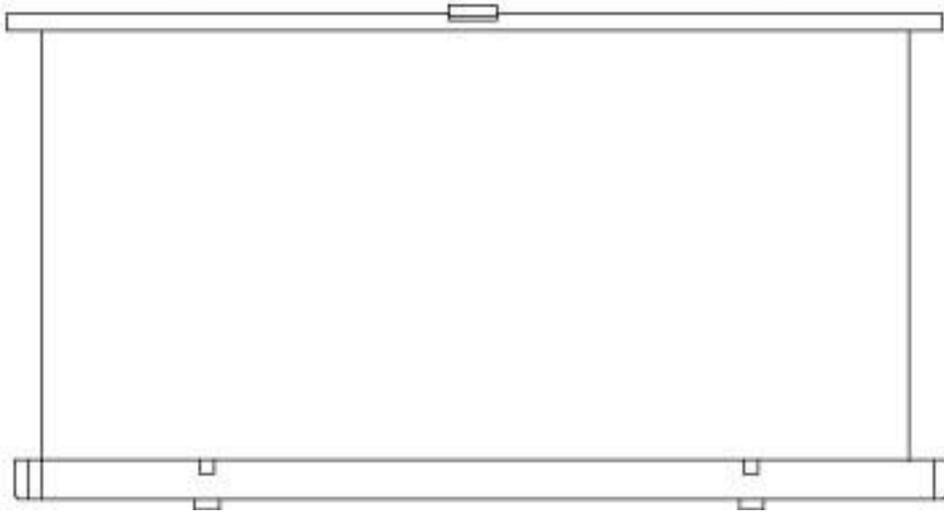

Unlock the buckles on both sides of the box to open the box cover.

**3. Pulling out the screen:**

Carefully lift the screen with the handle and stop at the desired position.

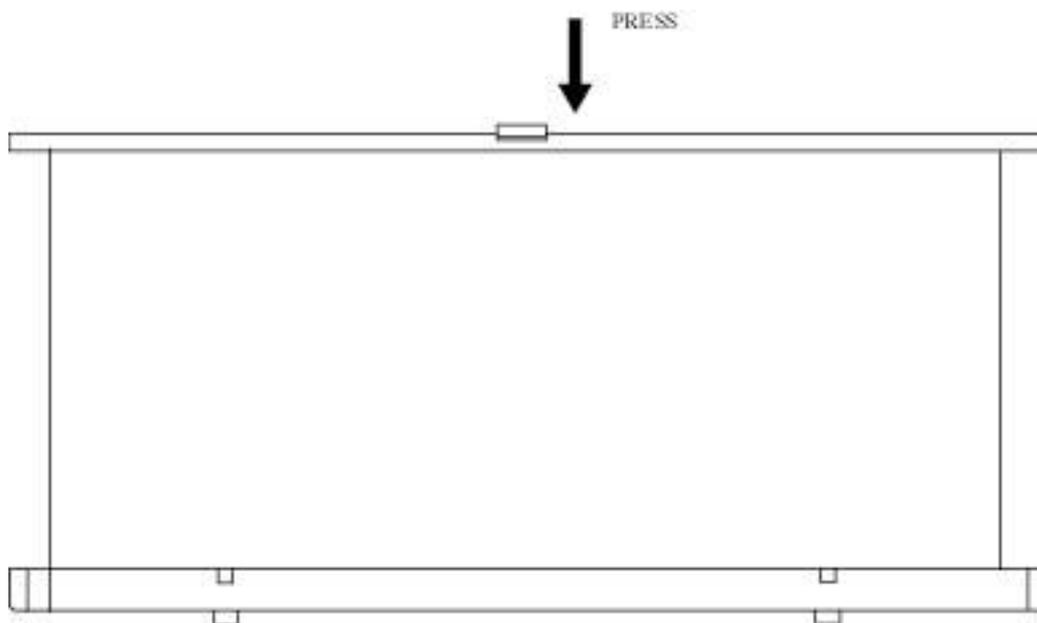

**Note:** The screen will only stop shortly after the bottom black rise has been exposed.

### Putting screen away

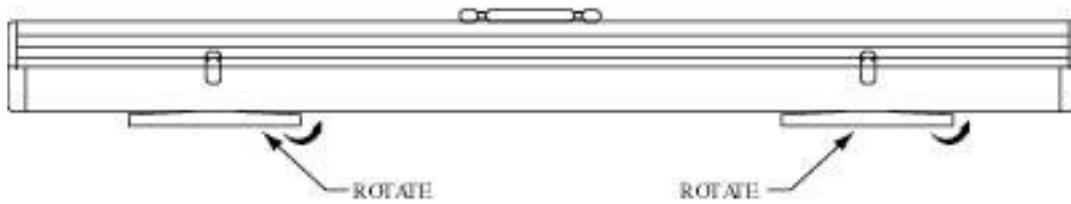

**1. Retracting screen into case:**

Press the screen's handle slowly in a downward motion to allow the screen to retract back into the housing.

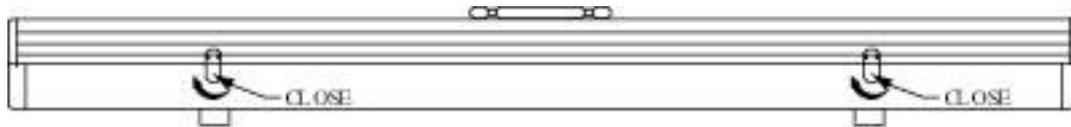

**2. Draw the base feet back:**

Slightly lift one end of the box and turn the two feet at the bottom of the box till they are in a parallel line with the box.

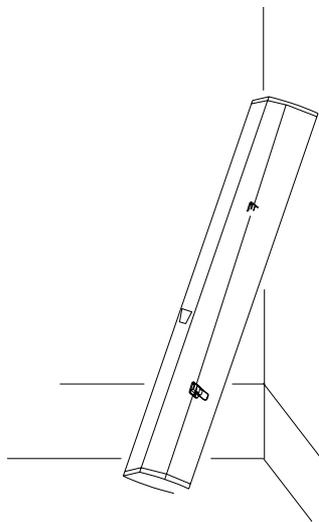

### 3. Closing it up:

Lastly, snap the buckles in place on both sides to secure screen closure.

### 4. Storing the screen:

The recommended place for storage would be a corner spot or in a closet, but the ultimate choice is up to you.

### The following points should be noted to assure the sound performance of the screen

1. Never use your hand to touch the screen surface
2. Never scabble on the screen
3. Don't scratch the screen with hard pieces.
4. Please use clean cotton cloth or soft fur brushes to remove the dust on the screen.
