# HANNSpree Quick Start Guide

### DT12-10C1 9.6" Liquid Crystal Display TV

This guide is designed as a reference to help you start using your LCD TV quickly. Please refer to the User's Manual for more detailed installation and safety instructions.

## Making Connections

#### **Connecting to Antenna/Cable TV**

- 1. Connect one end of the VHF/UHF (Antenna) or CATV cable to ANT Jack (VHF/UHF IN Jack) on the back of the TV.
- 2. Connect the other end of the VHF/UHF (Antenna) or CATV cable to the Antenna or CATV socket.

### Connecting to a VCR, VCD, DVD Player, or Video Game Console

1. The illustration presented here shows you how to connect your TV to a VCR, VCD, DVD player or video game console.

# A/V and Channel Setup

### **Selecting A/V Sources**

- 1. Make sure your TV is turned on and a device such as a DVD player is connected.
- 2. Press the SOURCE button on the control panel to select different source signals. TV channel number, AV1, AV2 or AV2s appear on the screen.

Note : AV2s only appears on the screen when S-Video is connected

#### **Connecting the Power Adapter**

- 1. Connect the power cord to the power adapter as illustrated.
- 2. Plug the power adapter connector into the DC-IN input jack on the rear panel of the TV.
- 3. Insert the three-pronged plug at the other end of the power cord into a power outlet.

Note Images are for illustration only and may vary by model or region.

#### Auto Channel Setup

Please follow the instructions by using the control panel.

1. Press the **MENU** button to enter the OSD menu.

2. Use the CH▼ button to select "TV".

3. Press the VOL + button to enter the TV setting.

4. Press the CH ▼ button until the "Auto Program" feature is selected.

5. Press the VOL + button to begin "Auto Program".

6. Your television will begin automatically memorizing the available channels.

#### **Auto Program**
