Holders for Mobile Phones and Smartphones

A holder makes it much easier to use your device in your vehicle. Keep your phone in a holder and you will always have it in easy reach -safe and convenient!

A Wide Range of Products

The holders are customized for every different phone model, and are available for most models on the market. Holders are available with various features, from passive holders to more advanced solutions for fixed installation. A customized holder is usually ready when a new model appears on the market.

High Quality

The holders have a perfect fit and provides a firm installation. It is easy to place the device in the holder, and to take it out of the holder.

Attach onto ProClip

Attach the holder onto the ProClip Mounting Platform in your vehicle. The installation is quick and easy, and does not damage the interior.

Safer Driving

With your device in a holder, it is always within easy reach. Our goal is to provide you with convenient products and solutions, to give you a safer driving environment while driving and operating your equipment.
