System Prepared Flat TV

Specially designed for in-room entertainment

Stylish compact design with an integrated LCD (alarm) clock. Equipped with advanced hotel mode and compatible with the future proof, optional, Smartcard Xpress expansion unit allowing third party interactive solutions.

Advanced hotel features and future proof

- Integrated clock display with wake up and message alarm
- Wireless SmartLoader for fast cloning
- Welcome message on screen display
- Volume limitation
- Front Controls Locking
- Switch On Channel Programming
- Security Menu Access
- Built-in FM radio

Interactive System Prepared, Future Proof

- SmartCard Xpress Box compatible for interactive systems
- Additional integrated power supply
- Serial Xpress™ Control interface
- Future proof by software upgradability

PHILIPS
sense and simplicity

Highlights

Integrated clock display

The built-in clock display, which is also a wake-up alarm, eliminates the need and investment for an additional clock with cables and connections in the room. Automatic time synchronisation via teletext and preservation of alarm settings during short power outages further enhances guest comfort

Wireless SmartLoader

Provides the ability to copy easy and wireless all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Welcome message

A welcome greeting is displayed each time the TV set is switched on.

Volume limitation

This feature predefines the volume range with which the TV set is allowed to operate, preventing excessive volume adjustments and avoiding disturbance of next door guests.

Front Controls Locking

Prevents unauthorised access to TV functions

Switch On Channel Programming

Perfect for in-house advertising or information channels as it allows to show a predefined channel when the TV is turned on.

Security Menu Access

Provides conditional access to installation and configuration settings via a special code or master remote control

Built-in FM radio

The integrated FM radio offers guests additional comfort without the extra investment in radio receivers.

SmartCard Xpress Box

The optional SmartCard Xpress Box can be mounted at the rear side of the TV set and allows third party decoders and application cards to interface with the TV adding new functionality to the TV. The TV can also be connected to external decoders and set-top boxes of all major interactive system providers, through the Serial Xpress Control Interface (supporting UART and RS232 protocols) and the SmartPlug Control interface.

Add. integrated power supply

The additional integrated power supply avoids the need for a separate power supply for an interactive system. In case of stand-alone use, the additional power supply can be switched off to save energy.

Serial Xpress™ Control

The Serial Xpress™ Control interface is compatible with all major premium entertainment services. The protocols enables the TV connection with external decoders, set-top boxes and PC based solutions. Support UART and RS232 protocols.

Upgradable software

The upgradable software architecture ensures that the TV is future proof and compatible with new technologies and developments, securing your investment.

Crystal Clear III

Crystal Clear III combines a whole range of enhancements to provide a better picture. They include a 2D Comb filter, Dynamic contrast, Blue stretch and Green enhancement so that you always get the most natural looking colors.

LCD VGA display, 640 x 480p

This VGA display with state-of-the-art LCD screen technology has an enhanced resolution of 640 x 480p.

2D Combfilter

The 2D comb filter separates chrominance (color) from luminance (brightness) information in the video signal for independent processing to improve picture resolution and minimize distortion.

Specifications

Picture/Display

- Aspect ratio: 4:3
- Brightness: 450 cd/m²
- Contrast ratio (typical): 350:1
- Diagonal screen size: 20 inch / 51 cm
- Display screen type: LCD VGA Active Matrix TFT
- Picture enhancement: Progressive Scan, 2D Combfilter, Sharpness Adjustment, Active Control, Digital Noise Reduction, Crystal Clear III, Color Transient Improvement
- Screen enhancement: Anti-Reflection coated screen
- Viewing angle (H / V): 176 / 176 degree
- Panel resolution: 640 x 480p
- Response time (typical): 25 ms

Sound

- Sound System: Nicam Stereo
- Sound Enhancement: Smart Sound
- Output power (RMS): 2x5W
- Music Power: 20 W

Loudspeakers

- Built-in speakers: 2

Convenience

- Ease of Installation: Fine Tuning, PLL Digital Tuning, Program Name
- Ease of Use: Auto Volume Leveller (AVL), Smart Picture, Smart Sound, FM Radio, On Screen Display
- Remote control type: RC2886
- Teletext: 10 page Smart Text
- Clock: Sleep Timer, Wake up Clock
- VESA Mount: 100 x 100 mm
- Teletext enhancements: 4 favourite pages
- Remote Control: TV

Tuner/Reception/Transmission

- Tuner bands: Hyperband, S-Channel, UHF, VHF, FM
- TV system: PAL B/G, PAL D/K, PAL I, SECAM B/G, SECAM D/K, SECAM L/L'
- Video Playback: NTSC, PAL, SECAM
- Aerial Input: 75 ohm coaxial (IEC75)
- Tuner Display: PLL
- Number of Preset Channels: 127

Connectivity

- Ext 1 Scart: Audio L/R, CVBS in/out, RGB
- Other connections: Antenna IEC75, FM Antenna
- Front / Side connections: Headphone out, S-video in, CVBS in
- Connectivity Enhancements: RJ12 connector, RJ45 connector

Power

- Power consumption: 55 W
- Standby power consumption: < 3 W
- Ambient temperature: 5 °C to 40 °C
- Mains power: AC 90V - 240V 50/60 Hz

Dimensions

- Product dimensions (WxDxH): 477x435x86
- Dimensions (with base) (H x D): 461 x 217 mm
- Product weight: 8 kg
- Weight incl. Packaging: 10 kg
- Outer carton dimensions WxDxH: 580x528x185
- Bezel color: Silver Frost

Accessories

- Included Accessories: Table top stand, Remote Control, Power cord, User Manual
