PHILIPS

29" Stereo Real Flat

Looking for extra style in a medium sized TV? This stylish silver TV combines a Real Flat tube with the latest in picture processing technology for a more focused sharper picture with less distortion. It might come as a surprise, but the flatter the tube in your TV, the more lifelike the images it produces. Stereo sound is joined by teletext and Side AV connectors for connecting peripheral devices such as a camcorder.

- Mains : AC 90-276V, 50/60 Hz
- Power Consumption: 74 W Normal Operation
< 1W Stand by
- Set Weight: tbc
- Weight Incl. Packaging: tbc
- Set Dimension (WxHxD): tbc
- Box Dimension (WxHxD): tbc
- TV Colour: Silver Frost (11027)

Product Highlights

Real Flat Black Line S

Philips TV picture tube provides non-distorted picture quality, while offering a wider viewing angle without light reflections. Thanks to the highly pigmented phosphors, the brightness and contrast performance are considerably improved compared to conventional picture tubes.

Contrast Plus

A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Stereo

Two channel sound signal able to deliver different sound from left and right channels

RMS

The standard professional measure of sound output power. All our Tv's are measured in RMS with 10% Distortion. There are other terms than RMS which often show higher numbers but are not comparable.

Plug & Play

Having connected the tv, it automatically searches for all channels and installs them.

1 page Teletext

Teletext information available.

Side Connections

Connections for headphone and other inputs such as camcorder, side entry for ease of use.
