## Picture

### Digital Prepared Connections
Supports virtually any digital device on the market through a range of connectors including Component Video, S-Video, and video inputs.

### MagnaBrite™ Lenses
Using Delta 77/78 lens, the undisputed industry standard in optics, the MagnaBrite™ Lens system achieves more consistent edge-to-edge brightness and contrast with a dramatically reduced focal length–result is crisp, well-defined large screen images and slim cabinet design.

### Digital Comb Filter
Digital circuitry clearly separates black and white detail from color data virtually eliminating dot crawl and delivering unmatched, razor-sharp picture performance with 800+ lines of horizontal resolution.

### Component Video Input
Supports advanced video input (such as DVD) for superb color purity, crisp color detail, and reduced color noise-surpassing even that of S-Video!

### Multipoint Digital Convergence
Designed to meet the demands of curved CRT faceplates and short focal length lenses, our expansive 15-point convergence brings with it the accuracy of digital technology for flawless convergence of red, green, and blue guns and a superb picture with no colored haloes.

## Remote Control

### Remote (RC2520)

## Convenience

### SmartSurf™
Simplify channel surfing by storing up to ten favorite stations in the Surf™ memory and then surfing only those channels at the touch of a button.  Add or delete channels from list through onscreen display.

> SmartLock™
> Multilingual Onscreen Display
> AutoProgramming
> Alternate Channel
> Closed Captioning
> Onscreen Clock with Sleep Timer
> Onscreen Volume Bar
> Alarm On/Off Timer

## Sound

### Incredible Surround™
An exciting psycho-acoustic method of widening the stereo spatial image for full-impact home entertainment.

### SmartSound™
Instantly optimize sound to satisfy any program situation. Select from one of four factory settings including movies, music, voice, or personal with a variety of combination of ultra bass, treble, and automatic volume leveling to suit any taste.
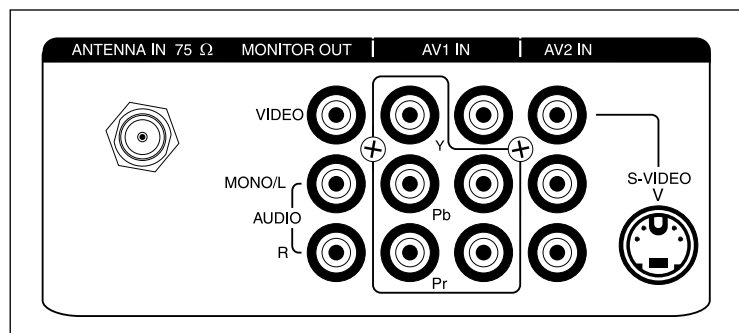

MAGNAVOX

### 20-Watt dbx® Hi-Fi Stereo Sound System
10 Watts RMS per channel into 8Ω, from 50Hz to 20kHz, with no more than 0.5% Total Harmonic Distortion.
*Onscreen Volume Bar*

## Audio/Video Jack Panel
