- Flexible inputs: DVI and HD Component for HD
- 170 degree viewing angle
- Integrated NTSC Tuner

# 30" Widescreen LCD FlatTV HDTV Monitor

## Picture Quality

### Pixel Plus™ Resolution Enhancement

Get More! More detail, more texture, more resolution, more high definition like images from any source. By enhancing the quality of the pixels on screen, PixelPlus™ will take your viewing to new levels of enjoyment. PixelPlus™ is only from Philips.

### Digital Natural Motion™

Eliminates motion judder from film based sources such as DVD's for distortion free, natural viewing

### Active Control™ PLUS

By continually adjusting picture settings over 60 times per second, Active Control™ PLUS ensures that the viewing experience is always optimal. Changes in ambient light are even automatically compensated for!

### Digital Crystal Clear III

A powerful package of picture innovations including Dynamic Contrast and advanced 10 bit processing, DCC III offers 30% more contrast, more natural colors, and higher levels of detail.

### Brightness 450 cd/m<sup>3</sup> (nits)

The high light output of this Active Matrix TFT FlatTV delivers exceptional detail even in well lit rooms.

### Contrast Ratio 350 to 1

Higher Contrast delivers increased depth to the picture, resulting in greater dimensionality (more 3 D or life-like). In addition, the greater contrast delivers a picture that is far less washed out in appearance.

- Video standards: NTSC 3.58 (M), NTSC 4.43, PAL4.43 (B, G, D, H, I, N), PAL 3.58 (M, N), SECAM
- Widescreen format
- 5 level Auto Picture™: (Soft, natural, rich, personal, and multimedia)
- Tri-mode Tint control
- Anti Reflective (non-glare) screen
- Viewing Angle: 170h/170v degrees

RC4305
